

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

LONDON GAZETTE of OCTOBER 5,

Indian Office, October 2, 1858.

THE Secretary of State for India has received the following papers.

No. 1.

**GENERAL ORDERS BY THE GOVERNOR
 GENERAL OF INDIA.**

*Military Department,
 Allahabad, June 19, 1858.*

No. 226 of 1858.

THE services of the Volunteer Cavalry being no longer required, the Right Honorable the Governor-General is pleased to direct that the infantry soldiers now attached to it shall rejoin their respective regiments, and that the corps shall be finally broken up, from the date of receipt of this order at Lucknow.

2. In testimony of the Governor-General's appreciation of the services of the Volunteer Cavalry, his Lordship authorizes the bestowal of a gratuity of rupees (300) three hundred each, on all members of the corps not being officers or soldiers.

3. The Volunteer Cavalry took a prominent part in all the successes which marked the advance of the late Major-General Sir H. Havelock, from Allahabad to Lucknow; and on every occasion of its employment against the rebels, whether on the advance to Lucknow, or as part of the force with which Major-General Sir J. Outram held

Alum Bagh, this corps has greatly distinguished itself by its gallantry in action, and by its fortitude and endurance under great exposure and fatigue.

4. The Governor-General offers to Major Barrow, who ably commanded the Volunteer Cavalry, and boldly led them in all the operations in which they were engaged, his most cordial acknowledgments for his very valuable services; and to Captain Lynch, and all the officers and men who composed this corps, his Lordship tenders his best thanks for the eminent good conduct and exemplary courage which they displayed during the whole time that the corps was embodied.

R. J. H. BIRCH, Colonel,
Secretary to the Government of India,
Military Department, with the Governor-General.

No. 2.

Allahabad, July 7, 1858.

No. 264 of 1858.

THE Right Honorable the Governor-General is pleased to direct the publication of the following despatch from Brigadier Rowcroft, commanding Sarun Field Force, No. 350, dated 23rd June, 1858, forwarding a Report from Colonel Byng, of his successful attack on the rebel force under Nazim Mahomed Hossein, at Sirsaie, in the Goruckpore district, on the 18th June last.

No. 3.

Brigadier F. Rowcroft, Commanding the Sarun Field Force, to Major H. W. Norman, Deputy Adjutant-General of the Army.

SIR, *Camp, Bustee, June, 23, 1858.*

I HAVE the honor to forward the enclosed report from Colonel Byng, for submission to his

Excellency the Commander-in-chief, reporting his successful attack, with the detachment under his command, on the Nazim Mahomed Hossein and his rebel force, reputed to be about 3,000, of whom 500 were sepoy, with four or five guns, at the village of Sirsaie, about half a mile to the west of the river Munowah, and eight miles from Captaingunge.

2. On the 13th instant, I received a requisition from the Commissioner, Mr. Wingfield, for a detachment to move to Captaingunge, about twelve miles to the west of this, for the protection of the Tuhseelee (then under repair, and to be made more defensible by Lieutenant Garnault, Engineers, sent out with the detachment, for this purpose), and the native civil officers and police, as the Nazim Mahomed Hossein, with his rebel force, had suddenly moved down to Sirsaie, from the north-west, where he had rapidly retreated before Major Cox's detachment at the beginning of the month. The spies reported he was on his way to Belwa and Fyzabad. On the 14th instant, he still remained encamped at Sirsaie. That night I ordered out a strong detachment under Colonel Byng, 6th Madras Light Cavalry. The Commissioner was of opinion, and I was also, from our reports, and the known character and tactics of the Nazim, that, immediately our detachment moved to Captaingunge, he would hastily retreat.

3. I instructed Colonel Byng not to harass the European troops, by attempting to follow the enemy, the weather being, at the time, particularly hot and oppressive, and much sickness among the troops; but, if the Nazim moved forward, leaving the river and bridge in his rear, then to advance and attack him, when there would be little doubt of the result; and should any difficulty arise, or the Nazim get reinforced from

Belwa, I would be ready immediately to join him with the Head Quarters of the Field Force.

4. The Nazim on the 16th instant, still continued at Sirsaie, collecting revenue from the villages. I sent orders to Colonel Byng to make arrangements to attack, and drive the enemy out of Sirsaie, and the same evening sent him a reinforcement of another troop of the Bengal Yeomanry Cavalry, 20 Royal Marine Light Infantry, and 50 men of the Naval Brigade; also the 24-pounder rocket tube, under Captain Sotheby, R.N. I sent the men out on our baggage elephants and ekkas (pony carts), to be fresh for any work on arrival. It rained heavily that night, flooding the country and roads, preventing any move on the morning of the 17th instant. Colonel Byng attacked the enemy next morning, the 18th instant, as detailed in his report; the Nazim still remaining at Sirsaie, probably deceived by his information as to the strength of the detachment out, and the troops at Bustee.

5. Captain Mulcaster, with squadron 6th Madras Light Cavalry; and Captain Chapman, with squadron Bengal Yeomanry Cavalry, ably and carefully carried out their long detour and night march, to the rear of the enemy's encampment.

6. The enemy lost a great quantity of baggage, • brass and iron cooking vessels, and some 29 or 30 carts and bullocks; and a small brass gun was found in their encampment, and a few boxes of good musket ammunition, and some arms. The defeat and dispersion of the Nazim's rebel force, has had the best effect on the district, agreeably to the several reports brought in, and quite broken them up, at any rate for the present, the rebel sepoys of the 1st Regiment Native Infantry, with 2 guns, 10th and 56th Regiments Native Infantry having left the Nazim and crossed into Oude. On

the 20th instant, the Nazim was reported to be a few miles beyond Bungaon, in an old fort, in dense forest jungle, with only 400 matchlock men, 2 guns and 60 sowars, about 20 miles north-west of Captaingunge.

7. I am happy to state, our casualty list was very trifling on the 18th instant; and I have seen Serjeant A. Berris, and Private J. Carson, 13th Light Infantry, dangerously wounded, in the field, and they are now doing well, with every promise of perfect recovery.

8. Colonel Byng very zealously carried out the duty confided to him, and I beg respectfully to recommend to the most favorable notice of his Excellency Sir Colin Campbell, the admirable conduct of the officers and troops of all arms, soldiers and sailors, whatever the weather, whatever the heat, ever eagerly ready for the battle, and I trust his Excellency will honor them by bringing the same to the favorable notice of the Right Honorable the Governor-General.

I have, &c.

F. ROWCROFT, Brigadier.

No. 4.

*Lieutenant-Colonel J. Byng to Captain Morgan,
Brigade Major, Sarun Field Force.*

SIR, *Camp Bustee, 21st June, 1858.*

I HAVE the honor to report for the information of Brigadier Rowcroft, commanding Sarun Field Force, my arrival at the head-quarters of the Field Force, last night at 10:13 P.M., and beg to report as follows.

2. Agreeably to instructions, I arrived at Captaingunge, fifteen miles west of Bustee, on the

morning of the 15th instant, with the force as per margin.*

3. The Nazim Mahomed Hossein was reported to be encamped at Sirsaie, near Hurriah, about eight miles to the west, with about 3000 men and 5 guns.

4. On the night of the 16th instant, I was reinforced by 2 officers and 70 men of the Naval Brigade, under Captain Sotheby, R N., and a troop of the Bengal Yeomanry Cavalry, and on the morning of the 17th instant I had planned an attack on the Nazim, the cavalry to push round into the rear of the enemy's encampment, by a considerable detour to the right, but owing to the most heavy fall of rain, I was obliged to recall the cavalry, who had already started, and gone a short distance, as it was impracticable for them to march across country, or for the guns to proceed by the road, and I feel confident that had I been able to carry out my plans on the 17th instant, I should have taken the enemy completely by surprise, and probably captured all their guns and elephants; but from the facility the enemy have in obtaining intelligence, they must have been fully prepared for my attack and plan of operations on the 18th instant.

5. At 12 P.M. on the 17th instant, I despatched from my camp a squadron of Yeomanry Cavalry,

* Pearl Naval Brigade.—2 officers, 28 seamen, two 12-pounder howitzers.

Bengal Artillery.—1 officer, 17 European rank and file, 7 gun Lascars, 19 bullock-drivers, 2 guns.

Her Majesty's 13th Light Infantry.—6 officers, 160 rank and file.

Sikh Detachment.—2 native officers, 81 rank and file.

Bengal Yeomanry Cavalry.—7 officers, 140 rank and file, 2 surgeons.

6th Madras Light Cavalry.—4 European officers. 3 native officers, 2 European warrant and non-commissioned officers, 84 rank and file, 6 trumpeters and farriers.

under Captain Chapman, and a squadron of the 6th Madras Light Cavalry, the whole under the command of Captain Mulcaster, 6th Madras Light Cavalry, with orders to go across country by a circuitous route of sixteen miles, and cross the river Munowah, at a ford about three miles north of Hurriah, so as to take up a position two miles to the rear of the Nazim's Force, and on my attacking at sunrise, to endeavour to capture the Nazim Mahomed Hossein and his guns and elephants.

6. The cavalry,* agreeably to my orders, took up a position marked by a tope of trees, equidistant between the roads from Hurriah to Gondah and Amorah. The enemy were in great force in this direction, and held strong positions in topes and villages.

In consequence of my attack on the enemy being about four miles south east from the position taken up by the cavalry, the enemy's attention in this direction was undisturbed.

The enemy were fully prepared for the cavalry attacking their rear, on discovering the position the cavalry had taken up, and for some time kept up a continued fire upon them. Captain Mulcaster with his squadron of the 6th Madras Cavalry, continued to watch the enemy's movements to the north-east, but neither Nazim, guns, or elephants retreated in his direction. Some of the enemy's cavalry, who had taken up a position in front of a village covered by a large body of infantry, were shot by the carabiniers of the Madras Cavalry, whom Captain Mulcaster had thrown out in skirmishing order.

* Bengal Yeomanry Cavalry.—7 officers, 140 rank and file, 1 surgeon, 1 veterinary surgeon.

6th Madras Light Cavalry.—2 European officers, 3 native officers, 2 European warrant and non-commissioned officers, 84 rank and file, 5 trumpeters and farriers.

Shortly after, Captain Mulcaster's squadron, in endeavouring to communicate with me, was exposed to a continued and heavy fire from the enemy's rifles and infantry on all sides, who were in strong positions in villages and topes inaccessible for cavalry.

Captain Chapman, with his squadron of Yeomanry Cavalry, leaving Captain Mulcaster in the north-east direction, took a wide sweep to the south-west and up the road from Amorah to Hurriah, and was unable to see amongst the enemy's baggage more than three elephants, which took up a position in a tope covered by their infantry, unassailable by cavalry. Captain Chapman reports, that his advance along the road by which the enemy were retreating, caused a large quantity of their baggage to be abandoned, which was plundered.

During Captain Chapman's advance, his men and horses were under a heavy and continued fire, from men in charge of the baggage, who, from behind walls and trees kept up a steady fire, from which the squadron escaped with one man and four horses wounded.

7. I myself marched from Captaingunge at about 3 A.M., on the morning of the 18th, with the force as per margin,* and marched towards the village of Hurriah, eight miles from Captaingunge, and when about half a mile from the village, some of the enemy, who were secreted in a dry nullah, opened fire upon me, on the left of the road. I immediately directed the greater

portion of Her Majesty's 13th Foot and Sikhs, to advance in skirmishing order, and also ordered the guns to open fire on the rebels. The skirmishers under Lieutenant Wroughton, Her Majesty's 13th Light Infantry, advanced in the most spirited and gallant manner. Captain Sotheby, R.N., and two horsed guns, and the Naval Brigade and Marines, 65 of whom acted as skirmishers, and 50 of the Yeomanry Cavalry followed in support. The enemy retreated across the river, and took refuge in a village; they were, however, quickly expelled from it by the fire of the artillery, and were followed up by the infantry.

8. Finding large bodies of the enemy threatening me, on my front and right, I ordered out a company of Her Majesty's 13th Light Infantry, under Lieutenant Everett, who skirmished to the right in the most gallant manner. I also directed Captain Sotheby, R.N., to bring his guns round and join Lieutenant Welsh, Bengal Artillery, who was in position on the road.

As the skirmishers approached a thick bamboo jungle, the enemy opened fire upon them. I then directed Lieutenant Welsh to shell the enemy out of the jungle: the enemy, however, held their ground for a considerable time.

Leaving Lieutenant Welsh, with Captain Van Straubenzee, and a company of Her Majesty's 13th Light Infantry, on the road, to prevent the enemy from attacking my rear, I proceeded on with the Naval Brigade and 2 guns, and the 50 men of the Yeomanry Cavalry, and, on approaching the village of Hurriah, I observed the village full of rebels, and accordingly fired several rounds of shell and turned them out.

After passing through the village, I passed over the bridge on the road unmolested. I here observed the enemy strongly posted in several topos to the north-east, and again opened fire from the

guns on the enemy's position in the topes. The enemy, who were a considerable distance in my front, retreated rapidly, and in good order, and were greatly protected in their retreat by the numerous topes and small villages. I followed the enemy, but finding the Europeans becoming fatigued, and the sun oppressive, I deemed it expedient to recall the troops, and retired to the village of Hurriah, where I encamped for the day.

9. Lieutenant Welsh with the two guns and detachment of Bengal Artillery, under his command, afforded me valuable assistance by his well-directed fire, in driving out the enemy from some heavy bamboo jungle on the right of the road, and contributed to the early dispersion and flight of the enemy.

10. It affords me much pleasure to state to the Brigadier, the active and zealous assistance afforded me by Captain Sotheby, R.N., who, with his two horsed guns, kept up a rapid fire of shells on the enemy, following them in pursuit and shelling them on every opportunity with that active zealous officer, Lieutenant Turnour, R.N., who came out in charge of the Naval Detachment and 2 guns with me from Camp Bustee. Lieutenant Wroughton, Her Majesty's 13th Light Infantry, and Mr. Mate Inglis, R.N., who were skirmishing in front with the 13th Skirmishers and Royal Marines, as they drove the enemy's skirmishers back, and over the river to the left of the road, gallantly dashed in and forded the river, continuing to drive back the enemy.

11. My best thanks are due to Captain Sotheby, R.N., commanding the Naval Brigade; to Captain Van Straubenzee, commanding detachment Her Majesty's 13th Light Infantry; to Captain Mulcaster, 6th Madras Light Cavalry, commanding the cavalry; to Captain Chapman, commanding the Bengal Yeomanry Cavalry; to Lieutenant

Maddock, 3rd Bengal European Regiment, commanding the Seikhs; and to Lieutenant Welsh, commanding Bengal Artillery, for their gallant and spirited conduct in the field; and it affords me great satisfaction in bringing to the notice of the Brigadier the cordial and able support I received from all officers and men engaged.

12. I am also much indebted to Lieutenant Fairlie, 6th Madras Light Cavalry, my Staff Officer, and to Lieutenant Garnault, Bengal Engineers, and to Lieutenant Rowley, Her Majesty's 13th Light Infantry, my orderly officer, for the readiness and alacrity with which they conveyed my orders in the field. The Deputy Magistrate, Mr. Wilson, Bengal Civil Service, accompanied me in the field, and afforded me every assistance.

13. Dr. Gee, attached to Her Majesty's 13th Light Infantry, and Dr. Garden, attached to the Bengal Yeomanry Cavalry, were present in the field, active and ready to afford their assistance.

14. The enemy were evidently very much stronger than reported, and held strong positions in topes, villages, rifle-pits, and nullahs for several miles, and must, at the very least, have numbered 5,000 armed men, the greater portion of whom evidently consisted of troops that have been disciplined.

15. The number of the enemy killed and wounded were about 200, by native and other reports, the enemy carrying off their wounded.

16 I am happy to state that our casualties were light, a list of whom I beg to inclose.

17. I regret that only one small brass gun fell into my hands; but from reports since received, I find that the enemy had removed the greater number of their guns on the 17th instant, and secreted them in a tope eight miles off.

18. Some ammunition and weapons were found on the ground after the rebels had retreated.

19. I am happy to add, that my attack on the enemy's position on the 18th instant has had the effect of completely dispersing Mahomed Hossein's Force, and clearing that part of the district.

I have, &c.

J. BYNG, Colonel,
Commanding Field Detachment.

N.B. Two boxes of ammunition were left in the Tehseelee, at Captaingunge; a brass gun (mounted); some weapons and cannon-balls are now in my camp. A quantity of ammunition was destroyed in the field and some powder blown up.

Allahabad, July 14, 1858.

No. 278 of 1858.—The Right Honorable the Governor-General is pleased to direct the publication of the following despatch from Major Orr, commanding Field Force, Hyderabad Contingent, reporting the share taken by that Force, in the operations before Calpee.

No. 7.

Major W. A. Orr, Commanding Field Force, Hyderabad Contingent, to Colonel Wetherall, C.B., Chief of the Staff, Central India Field Force.

SIR, *Camp, Calpee, May 28, 1858.*

I HAVE the honor to report, for the information of Major-General Sir Hugh Rose, K.C.B., commanding in Central India, the share taken by the Field Force, Hyderabad Contingent, under my command, in the operations before Calpee.

2. On the morning of the 15th, the force marched with the 1st Brigade from Etowra towards Goolowlee, and halted at the village of Tehree. The

enemy's cavalry being observed in strength on the left flank, the 1st Cavalry Hyderabad Contingent, was directed by the Major-General to remain on the Jubbulpore road, to protect the baggage of the 1st Brigade. About noon, an alarm was given, that the rebel horsemen had broken through the long line of camp-followers, and cut up a number of them. The Field Force Hyderabad Contingent turned out, and I proceeded with the Force as per margin,* to secure the further progress of the baggage, and ensure its safely reaching camp.

3. On the night of the 15th, a detachment as per margin,† of cavalry, under command of Captain Murray, was detached to Etowra, to cover the march of the 2nd Brigade towards Deoopoor. Heavy fire being heard during the forenoon of the 16th, in the Etowra direction, I moved out from camp with the detail as per margin,‡ and proceeded to the assistance of the rear-guard, under command of Major Forbes, 3rd Bombay Light Cavalry, then hotly engaged. The enemy appeared in great numbers, their cavalry amounting to about 1,000 or 1,200 with 4 guns. They contented themselves with a distant cannonade, to which our guns replied. About 4 P.M., a body of rebel infantry, creeping through the ravines, attacked the village of Muttra, on the right flank of the 2nd Brigade Camp, and held by a picquet of Her Majesty's 71st Regiment. The guns and infantry of the Hyderabad Contingent Force immediately advanced to the support of the picquet, and the ravines were shelled with good effect. The enemy

suffered very considerably. Their efforts ceased as night approached, and the troops returned to camp.

4. On the 17th, the enemy having moved out of Calpee, and shown in great force on the flank and front of the 2nd Brigade Camp, at Deoopoor, I received an urgent requisition from Lieutenant-Colonel Campbell, Her Majesty's 71st Regiment, in charge of the 2nd Brigade, to reinforce him. I marched with the troops, as per margin,* and aligned my force with that of the 2nd Brigade. The enemy pursued the tactics of the day before, and appeared satisfied with a distant fire on our troops from their guns, of which they had several, and which caused some casualties. They did not attempt any more active demonstration, and as night fell, they drew off on their return to Calpee.

5. Early on the 22nd, an alarm was given, that the enemy was advancing, and troops were at once ordered under arms. About noon, I received the orders of the Major-General, to move forward a portion of my force to the left of the 2nd Brigade, and extending from that towards the left, to check any attempt upon that flank. I moved accordingly with the troops as per margin,† in echelon. I found the 2nd Brigade warmly engaged with the enemy, consisting of both cavalry and infantry, supported by guns. The rebel cavalry was moving in force to the left, evidently intending to sweep round that flank, and make a descent on the rear of both our own camp, and that of the 2nd Brigade. Our opportune arrival effectually prevented this,

and a fire of shrapnel I opened on their masses of cavalry, soon drove them back, and they retired upon their main body, which very shortly afterwards began also to retire, covered by their guns. I advanced the force some distance, on the Horse Artillery, Dragoons, and cavalry on the right moving forward.

6. Agreeably to field force orders of the 22nd, issued by the Major-General commanding, the Field Force Hyderabad Contingent furnished the detachments as per margin,* for the duties specified, on the morning of the 23rd, during the advance upon, and attack of, Calpee. The remainder of the Field Force Hyderabad Contingent, consisting of the 1st Cavalry, accompanied the column, and took part in the several operations of the day. On the flight of the enemy, and the advance of the cavalry column in pursuit, the 1st Cavalry also joined, and did good service. I beg to inclose a report from Lieutenant Dowker, commanding the regiment, detailing his operations.

7. I beg to bring to the favourable notice of the Major-General, the officers named in the margin.†

SIR, *Camp, Calpee, May 25, 1858.*

AGREEABLY to instructions conveyed to me this day, I have the honor to report, that upon the near approach of the force on Calpee, I was sent out with a troop to skirmish. The skirmishers on the extreme left reported to me, that there were some 300 men in a tomb. I immediately informed Colonel Wetherall of this, and was desired by Major Orr to join in the pursuit then ordered. On our nearing the tomb, we saw two or three sepoy trying to escape; these were cut up. Stragglers now came in sight, and proceeding a short distance further, the retreating enemy came in view. I proceeded with my men to the right of the main road, and cut up some 25 Bengal sepoy. After proceeding some three miles, 2 guns were seen; on our charging them, a slight fire was opened upon us by infantry in support; but the main body of infantry, some two or three hundred yards in rear of the guns,

tenant Partridge, 23rd Bengal Native Infantry, doing duty 5th Infantry, H. C.; Surgeon Orr, 4th Cavalry and Senior Surgeon Field Force, H. C.; Assistant-Surgeon Sanderson, 1st Cavalry, H.C.; Assistant-Surgeon Burn, 5th Infantry, H. C.

offered no resistance to our taking them. One of the guns was found to be loaded. I left a Duffadar's party in charge of them, and proceeded on with the rest of the force in pursuit, and cut up some 25 more men. I had only 35 sabres with me altogether, the regiment having furnished two strong detachments; otherwise the amount of the enemy killed, would have been much greater. Duffadar Sadho Sing on this, as on every other occasion, made himself conspicuous by his dash and gallantry. I saw him kill some five or six sepoys. Troopers Jeewun Sing, Gunase Sing, and Syed Ali, did most excellent service. Yesterday, the 24th, one of my piquets received information of a gun being abandoned near the town of Atah. Duffadar Sadho Sing, with six men, went out and brought it in; it turned out to be an English 9-pounder gun, complete with limber.

No. 367 A.

BY desire of the Commander-in-Chief I have the honor to forward, in original, for submission to the Right Honorable the Governor-General, two letters from the Honorable Major-General Sir J. Outram, G.C.B., bringing to notice certain omissions in his previous despatches.

I have, &c.

H. W. NORMAN, Major,
Deputy Adjutant-General of the Army.

No. 13.

Major-General Outram, late commanding 1st Division, to Major Norman, Deputy Adjutant-General of the Army,

SIR,

Calcutta, May 24, 1858.

I HAVE the honor to request that you will do me the favor to bring to the notice of his Excellency the Commander-in-Chief, certain unintentional omissions of which I find I have been guilty in my despatches—omissions which I know have hurt the feelings, and which I fear may have proved injurious to the interests, of meritorious officers.

When, on the 25th November, I detailed, for His Excellency's information, the proceedings of the Oude Field Force during the two preceding months, I ought to have stated that, in consequence of the indisposition of Major Galwey, Captain Raikes had for some time commanded the 1st

Madras Fusiliers, and that he had entitled himself to my hearty thanks for the able and zealous manner in which he had acquitted himself of his duties; and the omission is the more to be regretted, as Captain Raikes' temporary accession to the command of his regiment alone prevented his conducting the operations, for the admirable performance of which his junior, Captain Grant, has received his Brevet Majority. The fact that two of his juniors have been promoted for special services, coupled with the omission of his name in my despatches, is calculated to mislead those who were not present at Lucknow, into the belief that Captain Raikes had not merited my approbation. The very reverse of this is the case.

To Major Galwey and the Madras Fusiliers, it is due to rectify a still more unpardonable omission in my despatch detailing the operations which his Excellency did me the honor to confide to my conduct during the siege and reduction of Lucknow in March last. During those operations the gallant Fusiliers, under their brave and able commander, acquitted themselves with their wonted courage and discipline. A wing of the regiment, under the personal command of Major Galwey, formed part of the column detailed for the storm of Sheriff-ood-Dowlah's mansion, and they it was that actually took possession of the house.

I would also beg to submit, for his Excellency's most favorable consideration, the merits and claims of Captains Bouverie, Her Majesty's 78th Regiment, and Spurgin, 1st Madras Fusiliers, who, as Majors of Brigade, rendered valuable assistance to Sir Henry Havelock in our advance to Lucknow, and to myself during the time we were locked up in that city. Their subsequent valuable services while under my command at Alumbagh have already been acknowledged in my despatch. But the zeal, gallantry, and intelligence with which

they had previously served the State in the advance to, and during our stay at, Lucknow, I had left to be described by General Havelock, who I know intended to render full justice to those deserving officers. There is reason to fear that the sickness which resulted in the death of that ever-to-be-lamented officer prevented the fulfilment of his purpose; and that they have in consequence suffered in professional advance. Under this belief, I venture to hope that, in consideration of their having been under my command during the latter period of the siege of Lucknow, I may be allowed to be the means of remedying an unintentional omission on the part of my deceased and honored friend.

I would also venture to solicit his Excellency's most favorable notice of the good services of Lieutenant Dirom, the Staff Officer attached to Colonel Turner, of the Horse Artillery, while serving with me across the Goomtee. Colonel Turner speaks in high terms of eulogy of Lieutenant Dirom's conduct on that occasion; and of his soldierly qualities I myself had reason to form a high opinion. The omission of Lieutenant Dirom's name in my last Lucknow despatch was purely accidental.

I have, &c.,

J. OUTRAM, Major-General,
Late Commanding 1st Division in the Field.

No. 14.

Major-General J. Outram, late commanding 1st Division, of the Army in the Field. to Major Norman, Deputy Adjutant-General of the Army,

SIR,

Head Quarters, Bareilly.

ON the — instant, I had the honor to draw the attention of the Chief of the Staff, demi-officially, to the accidental omission in my Lucknow despatches, of a service rendered me by a wing of the

1st Madras Fusiliers, and I expressed my deep regret at having thus unintentionally done injustice to a regiment which had, by its unvarying zeal, steadiness, and bravery, placed me under the deepest obligations. I regret to have now to record another omission, equally accidental, and equally unjust. I refer to Captain Gibbon's Battery, which was with me throughout the whole of the operations on the left bank of the Goomtee, and was, after the night of the 8th of March, the only Field Battery on that side. On the 9th it was actively engaged during the whole day, and rendered most valuable service. Exposed to very heavy fire, it contributed materially to the capture of the Badsha Bagh. And on the 11th its services were put in requisition with the columns which secured the approaches to the iron bridge. The battery suffered considerably on this occasion, having had no less than 15 casualties, its casualties on the 9th having amounted to 5.

The omission of all allusion to Captain Gibbon's battery has arisen from my having confounded him with Captain Middleton, whose battery I find ceased to belong to my force on the evening of the 8th March.

I sincerely hope it is not yet too late for his Excellency the Commander-in-Chief to permit a public rectification of a mistake which has very naturally hurt the feelings of a brave body of men, and is calculated to prove injurious to their commander, and his subordinate officers, whose services were witnessed by Sir J. Hope Grant as well as by myself, and are warmly eulogized by that distinguished officer.

I have, &c.,

Late Commanding 1st Division of the Army
in the Field.

As Sir Hugh Rose's despatch of this action has not yet reached Army Head-Quarters, Sir Henry Somerset will reserve till then any further comment on the subject ; but in the mean time I am to recommend, to the favourable notice of Government, the officers honorably mentioned by Brigadier Smith, as shewn in the annexment to this letter.

2. The very effective service rendered by the troops of all arms, under the Brigadier, and the gallant manner in which, disdaining the want of food and rest, they have overcome all opposition, merits my warmest approbation, and this too under the intense heat of a sun especially dangerous to European troops, and which I regret to observe has caused the death of several gallant men.

3. The charge through the enemy's camp of Her Majesty's 8th Hussars, on the afternoon of the 17th, when the Ranee of Jhansi was killed, is worthy of every admiration, and the manner in which, when captured, the 95th Regiment turned the enemy's guns on themselves (the enemy) is in accordance with the whole of the operations of that regiment, as detailed at length by Colonel Raines. The practice of the Horse Artillery appears to have been most effective.

4. The excellent behaviour of our native troops must ever be a source of sincere congratulation.

5 The charge of the 1st Lancers, as recorded by Colonel Owen, would appear to be a most dashing feat of arms, and the steady conduct and discipline of the 10th Regiment Native Infantry, is fully borne witness to, by the Brigadier himself and by Colonel Raines.

6. I am sure his Excellency will agree with me that Brigadier Smith has rendered a most important service, by the gallant, energetic, and clear-sighted way in which he has led his brigade to victory; and indeed I can assure his Excellency that it is only what I expected from the well-known antecedents of that gallant officer.

Return of Casualties.

*Brigadier Smith to the Assistant Adjutant-General
Rajpootana Field Force.*

SIR, *Camp before Gwalior, June 25, 1858.*

I HAVE the honor to report, for the information of Major-General Roberts, commanding Rajpootana Field Force, that on the morning of the 17th I marched, by Major-General Sir Hugh Rose's order, from Antra through the pass to Kotah-ke-Serai, which lies between three and four miles south-east of Gwalior.

I had reconnoitred the pass the evening before, and occupied the difficult points by strong picquets and posts, so that had there been any enemy I should have been prepared.

I met with no opposition, however, and reached Kotah-ke-Serai, at 7½ A.M.

Upon my arrival I saw the enemy occupying the heights in front, and between me and Gwalior.

I had orders from Sir Hugh Rose to halt at Kotah-ke-Serai and communicate with him, but as the enemy appeared determined to attack me and being also hampered with a large quantity of baggage, and Kotah-ke-Serai not being a secure position, I thought it best to take the initiative.

I therefore collected my baggage in and near the Fort of Kotah-ke-Serai, placing it under a troop of Her Majesty's 8th Hussars and a squadron of the 1st Lancers, and as strong a guard of infantry as I could afford. I reconnoitred the ground in front and found it to be most difficult, intersected with nullahs and impracticable for cavalry. About 1500 yards from Kotah-ke-Serai their guns were in position and their line ran all under the hills across the road to Gwalior.

This I ascertained by advancing with my reconnoitring party to within about 400 or 500

yards, when they opened so heavy a fire upon us that we were obliged to retire, not however before I had made myself acquainted with the nature of the ground and thus enabled myself to avoid being entangled in the nullahs above mentioned.

I advanced the horse artillery, and so silenced their guns; after three or four rounds they began to retire, and I sent my infantry across the broken ground, giving the command of that branch to Lieutenant-Colonel Raines, commanding Her Majesty's 95th (the senior Infantry officer present), with orders to follow up the enemy as far as he thought advisable. I have called upon Lieutenant-Colonel Raines to furnish me with a report, which I enclose, as I conceive it gives a detailed and accurate account of the proceedings of the infantry portion of the force, from the time I gave him the order to advance up to the time of occupying the heights above Gwalior.

I have only to add that I cannot speak too highly of the steady and soldier-like conduct of both officers and men of the 10th Native Infantry, who have given me the most prompt and ready assistance upon all occasions, and of officers and men of the 95th Regiment who, though exhausted from fatigue and want of food, stormed the heights under a burning sun and a heavy fire.

In consequence of threatening movements of the enemy as well as the unprotected position of the baggage, I was obliged to send back (to reinforce the troops already left at Kotah-ke-Serai), one troop of Her Majesty's 8th Hussars, one division Horse Artillery, and two companies 10th Native Infantry.

From the nature of the ground already described I was unable, for some time, to bring my cavalry into action, and merely retained them as support and escort to the troop of Horse Artillery under Lieutenant-Colonel Blake, but (having advanced

to the head of the pass, partially occupied the heights above the plain, near the Phoolbagh, and placed infantry to guard the entrance of the defile and protect a retreat), I thought I might venture to advance with a squadron of the 8th Hussars, and the two divisions of Horse Artillery remaining at my disposal, and one troop of the 1st Lancers, sending back for the remaining troop of the 1st Lancers, as a support.

I then ordered the squadron of Hussars to charge to the front, which they did most gallantly, passing right through the enemy's camp, carrying everything before them.

Upon the return of the squadron, both officers and men were so completely exhausted and prostrated from heat, fatigue, and great exertion, that they could scarcely sit on their saddles, and were for the moment, incapable of further exertion.

This was a critical moment, as the enemy were collecting both on the front and flanks, but the 95th had arrived near the guns, and the 8th Hussars, in spite of their fatigue, formed to their front in line, and in order to show a greater front, I formed them in single rank. In the meantime, the remaining troop of the 1st Lancers had arrived to support, as second line. I then retired the cavalry by alternate troops, protected by the artillery, during which movement both arms showed the greatest steadiness, and entered the ravine under the protection of the infantry posted there.

I then took up a position for the night on the heights, sending for my baggage and placing it in tolerable security in a sort of amphitheatre, formed by a portion of the hills we occupied. I guarded both ends of the defile with strong pickets of infantry, in strong positions formed by the ground, and also threw out strong pickets, both cavalry and infantry, towards the heights on our right; the left of our position was defended against any sudden assaults by a steep bank and a canal.

Having now finished my first day's proceedings, I have only to add the names of some officers who gave me most valuable assistance.

Lieutenant-Colonel Hicks, commanding details, who was most energetic, and always in the front, both in reconnoitring and in the charge, and it was at his suggestion that I ordered the charge of the squadron of the 8th Hussars, through the enemy's camp, which, although venturous, succeeded well with the enemy we had to deal with.

Captain Sir John Hill, acting as my Brigade Major, who, in spite of the intense heat and great fatigue, was always at my side ready to give me assistance, and carry out my instructions. Also Captain Bolton, Acting Quartermaster-General to the Brigade, who gave me most efficient assistance, in addition to the performance of his own peculiar duties, which under the circumstances were arduous and trying in the extreme.

Lieutenant Williams, Sub-Assistant Commissary-General, attached to the Brigade, who is always most active, energetic, and indefatigable in the discharge of his duties, but on this occasion, when the obtaining of any supplies was most difficult, in fact, next to impossible, he never spared himself in endeavouring to overcome difficulties.

Captain MacMullin, 23rd Bengal Infantry, who volunteered to act as my Aide-de-Camp, gave me most valuable and efficient assistance. Cornet Goldsworthy, of Her Majesty's 8th Hussars, who also acted as my Aide-de-Camp, carried my orders, under a burning sun and over very difficult ground, and once, at a most critical moment, viz., when I required cavalry support upon the return of the squadron of Her Majesty's 8th Hussars from their charge.

I have, &c.

M. W. SMITH, Brigadier,
Commanding Brigade, Rajpootana Field Force.

Lieutenant-Colonel Raines, Her Majesty's 95th Regiment, to Brigadier Smith, Commanding the Column of the Assault on the Enemy's Entrenched position before Kotah-ke-serai, and subsequent Capture of the Heights in rear, near Gwalior.

SIR, *Camp, before Gwalior, June 18, 1858.*

AGREEABLY to your order, about 8 o'clock A.M., on the banks of the stream, near Kotah-ke-serai, I proceeded with two companies of the 95th Regiment, in skirmishing order, to attack the rebel entrenchments. with supports, and the 10th Regiment Native Infantry in echelon, as a reserve. On nearing their breastwork, they opened a brisk fire of musketry on both corps along the line, accompanied with round shot and shell as fast as they could load their guns. Seeing our approach, many of them commenced to retire from their left, when the skirmishers from the 95th opened fire on them.

When within 50 yards of their works, I ordered the skirmishers to advance at the double and charge, and on reaching their works, I discovered their infantry retiring up the ravines, towards the left and right, and taking away the guns to our left. Here we were stopped by a deep ditch, with four feet of water, and the banks were so steep that it was with difficulty that the men got over in single file, and by the time that the skirmishers had ascended the opposite bank the entrenchment was completely abandoned, but we still found a small body, evidently their rear, extended, firing and retiring through the ravines and up the hills in disorder. The skirmishers with the greatest eagerness pushed on, and succeeded in shooting several of them.

1858.

10 H

On gaining the heights in rear of the encampment,—during which time a company of the 95th had swept round the base of the hill to the left,—I observed that the enemy had guns about 800 or 1,000 yards in front, on another hill about the same height, with infantry and a large proportion of cavalry. I sounded the halt and assembly, on which a fire of shrapnel was opened on the men. I then noticed on my immediate right, about 500 yards off, and which I afterwards ascertained to be the road to Gwalior, about 100 of the Gwalior Contingent Cavalry, protected from our fire by a high embankment, and, as I anticipated that they would endeavour to turn my right flank by a charge and thus cut me off from my reserve, I ordered the retire on the entrenchments, opening at the same time on them a sharp fire from the Enfields, and having our rear covered by a company of the 10th Regiment in skirmishing order.

On reaching the entrenchment I found that Major Vials, who commanded the reserve, was attacking the Gwalior Contingent Cavalry above alluded to, with two companies of the 95th, keeping them in check, and preventing them from advancing down the road, where they had brought a couple of 9-pounder guns to bear on us. In the meantime, another gun of heavy metal, judging from the distance of the range, twelve hundred yards (1,200 yards), was brought into position, on a high hill to our extreme left front, when immediately afterwards two guns of the Bombay artillery were placed to silence the fire, which considerably annoyed us.

Soon after this I received your orders to proceed up the road, with the 10th in reserve, and on our advancing, the Gwalior Contingent Cavalry as well as the guns retired. After advancing along

the road for about a mile (with a deep nullah and a high embankment on our left, and the two companies in skirmishing order in front and covering the ridges to our right), and until the skirmishers had entered on the plain of the Phoolbagh, large bodies of the enemy's cavalry were observed as if preparing for a charge, and in such force as to imperil the safety of the skirmishers. However (after being halted for an hour), I ordered the support up a hill, on cresting which I observed the Gwalior cavalry, in their red uniforms, slowly advancing in skirmishing order, up a broad ravine to our right, and about 200 yards in front of us. I immediately caused file firing in line to be opened on them, and on discovering our position they instantly retired with the utmost precipitation, when you, Sir, directed the splendid charge of the 8th Hussars in pursuit. I immediately proceeded to support and follow them to within a quarter of a mile of the cantonments, when by your orders I halted. A portion of the 10th Native Infantry, during the advance, supported the 95th, and a company from each corps was left to guard the narrow passes as we advanced.

During the halt, and whilst the cavalry were engaged in sweeping through the cantonments, the enemy brought two guns into position on our left, one on our right, and two from the fort opened fire on the 95th and a division of the horse artillery, immediately and close to us.

Having remained here for about half an hour you directed us to retire and take up a position on the heights in front of Gwalior for the night. We reached them about 7 P.M.

I have the greatest pleasure in bearing witness to the extreme endurance (especially of the 95th) and gallant conduct of both corps. They had been out the whole day without a meal, under a burning

sun, and had marched at 2 A.M. that morning from the previous encampment ground, a distance of ten miles; and although the list of casualties in my regiment actually occurring from the enemy's fire (and which, with that of the 10th, is copied in the margin),* presents a small proportion of one man killed, and one officer and four men wounded, I regret to say that 84 cases of coup-de-soleil occurred, one of which proved fatal on that day, exclusive of five officers dangerously but not fatally attacked.

In conclusion, I beg respectfully to bring to your notice the valuable assistance I received from Major Vials, Major Massey, and Lieutenant and Adjutant Sexton, who acted as my staff officer during the day, also from Lieutenant Crealock, who so ably headed his company, and assisted in the reconnoissance previous to the attack, and from Captain Pelly, commanding the 10th, who with his men greatly contributed and assisted towards our success in the action.

Lieutenant-Colonel 95th Regiment,
Commanding the Infantry.

Lieutenant-Colonel Owen, Commanding 1st Light Cavalry Lancers, to Captain Sir John Hill, Bart., Major of Brigade, Brigadier Smith's Column.

Camp, before Gwalior,

SIR,

June 22, 1858.

IN compliance with the wishes of the Brigadier, personally communicated to me by you, I proceed to report the part taken by the regiment under my command in the operations of the 17th, 18th, 19th and 20th of June. The heights having been carried by the combined exertions of the brigade after its morning's march on the 17th, and against every disadvantage of heat and the strongly fortified positions of the enemy, that most trying day's proceedings closed with a charge on the plain before Gwalior, made by a squadron of Her Majesty's 8th Hussars, with some guns, supported by a squadron of the 1st Lancers. This sudden dash of a small body of our cavalry (and I understand the Ranee of Jhansi fell on this occasion), in front of numerous batteries, and in the face of a considerable force of their cavalry, could not have failed to carry a terrible lesson and panic to the enemy. After this daring exploit, the rapidity of which saved us from a severe loss, the whole retired to their positions on the heights, the 1st Lancers to a distant point, to be employed throughout the night as a picquet. During the earlier operations of the day, I had the misfortune to lose the valuable services of Captain Anderson. Whilst in command of a detached squadron, he was wounded in the left arm by a musket ball. On the 18th the regiment furnished several parties for reconnoitring and other duties, throughout the whole of which they were exposed to a heavy

fire kept up by the enemy from their batteries and skirmishers. Several horses were also killed and wounded by round shot, which were fired into the position occupied by the corps. During the evening the regiment paraded for an action with the enemy, and were much exposed to their fire. On the 19th the 1st Lancers and a portion of Her Majesty's 8th Hussars were engaged in protecting artillery in front of the enemy's batteries at the higher and lower fortifications of Gwalior. Subsequently, the Lancers received a sudden and emergent order to ascend the heights to protect the infantry column serving the enemy's captured guns against their entrenched camp. At a later period they were directed to quit the heights, and watch the road on the opposite side, leading into the enemy's camp and town ; and while in that position their services were required to carry some 18-pounder guns and mortars which were being fired upon our troops on the hills above. This service was speedily and well executed by Lieutenant Heath with his squadron, accompanied by myself, nobly and closely followed by his men. The enemy's horsemen who had been seen near the guns, escaped among the trees and buildings, which offered every facility for their doing so. While Lieutenant Heath's squadron dashed round the hill, Lieutenant-Colonel Raines, with a portion of Her Majesty's 95th, rushed down it, when the enemy's camp and entrance to the suburbs of Gwalior were thus carried. On this occasion two 18-pounder guns, some mortars, ammunition carts, stores and magazines, fell into the hands of the British troops. I now come to the last scene of conflict, in which my regiment performed a conspicuous, and from the results, I may add, a very important part. Lieutenant Heath's advance was supported by Captain Loch with the 2nd squadron,

and when arrived on the spot where the guns had been captured a large body of the enemy's infantry were seen in full retreat to the right. They were pursued by Captain Loch's squadron, which I then joined, followed by Lieutenant Heath's squadron, which became in its turn a support. There fell a fine, promising young soldier, Cornet Mills, shot through the lungs by one of the enemy, who was instantly cut down by Captain Loch. Fearful, from the excellent bearing of all ranks, their faithful support of their officers, and the excitement, increased by the cheers which they readily took up from the British Infantry around, that my regiment might become involved in a street action against countless masses of the enemy occupying the house-tops, &c., I hastened to recall them from the pursuit, and in this I happily succeeded; and having personally reported to the Major-General, who appeared on the ground, what had occurred, he instantly advanced into the suburbs with Her Majesty's 95th Regiment, and I believe, ere sunset, the British army under his command had carried everything but the fort of Gwalior, the enemy rapidly evacuating the town and suburbs. I cannot close this report without expressing to the Brigadier how nobly supported I have been by all ranks of the regiment I have the honor to command. It is because the regiment is my own that I fear to say more in its favor. I have, as desired, already forwarded a return of casualties.

I have, &c.

C. OWEN,

Commanding 1st Light Cavalry Lancers.

Lieutenant F. Roome, 10th Regiment Native Infantry, to the Adjutant 10th Regiment Native Infantry.

Camp Juckowlie, near Gwalior,

Sir,

June 22, 1858.

I HAVE the honor to request, that you will forward to Brigadier Smith, through the officer commanding the regiment, the accompanying report of the part taken by the 10th Regiment Native Infantry in the action of the 19th instant.

On account of the indisposition of Captain Pelly, and in accordance with his orders, I assumed command of the regiment, and between 2 and 3 P.M. led it to the position pointed out to me, viz., the crest of the hill to the left of those haystacks, which had that morning been set on fire by the enemy. I found that the fighting had already commenced, and that Her Majesty's 86th Regiment had taken possession of the enemy's batteries on this point. I remained here a short time, but finding that the men of the 10th were exposed to a heavy fire of grape and bullets, without being able to return it, on account of the short range of their muskets, I left a portion of them as a support to the guns, and, advancing with the remainder in skirmishing order, cleared the two nearest heights of the enemy. At the foot of the second hill we discovered a plain on which were two brass field pieces and three mortars. These we took with a rush, and, having spiked as many as we could, we turned our attention to an arsenal on our right, from which the enemy poured in a galling fire. We cleared them out of this, and then occupied a trench at the bottom of the hill, from which we kept up a heavy fire till there was a general advance of the force, when we skirmished through the lines on the opposite side of

the plain. In doing this we killed many of the enemy, and those who escaped us were eventually cut up by the 1st Bombay Lancers. Here all opposition ceased, and nothing remained to be done but to place guards on the different arsenals and magazines we had taken. I am happy to say our casualties were very few, as will be seen by the return already sent in, and have only to add that the behaviour of the officers and men under my command was beyond all praise.

I have, &c.,

F. ROOME, Lieutenant,
10th Regiment Bombay Native Infantry.

No. 21.

Lieutenant-Colonel Raines, who commanded Her Majesty's 95th Regiment and 10th Native Infantry, attached to Brigadier Smith's Column, on the 19th June, 1858, to Brigadier Smith.

SIR, *Camp Gwalior, June 23, 1858.*

ON receiving your order, soon after noon on the 19th, I proceeded with three companies of my regiment to line the high bank on the road to Gwalior, on the left of our encampment, on reaching which I opened fire on the enemy's skirmishers on the plain and on the sides of the hill, but who were not in great numbers; seeing that we were in possession, they gradually retired and fired the guns and jingalls from the entrenchments, firing canister in our direction.

After remaining here for about three-quarters of an hour, the Major-General came up and ordered me to advance in support of the skirmishers of Her Majesty's 86th Regiment, and in rear of their right, which I did until we crested the opposite hill, and found them in possession of the enemy's entrenchment, having captured three brass guns.

Finding that I was senior officer present, I took the command, and desired the tumbrils to be removed to the rear, in order to turn their guns upon their cavalry, which I saw in detached bodies, with some infantry and guns, on the plain below, at a distance of 1000 yards. With much difficulty (as they appeared in confusion about the tumbrils) the bullocks were removed, and the tumbrils wheeled up the hill by the men of the 86th and 95th Regiments. One gun was pointed down the entrenchments, whilst another was immediately after turned in the direction of some columns to our left. Lieutenant Brockman, with some men of the 86th, I desired to save one of the 9-pounder guns, whilst Lieutenant Budgen and Lieutenant and Adjutant Sexton I directed to superintend the practice of the two other guns, which I manned with some men of the 95th, who had been instructed in the gun exercise. It is with great pleasure that I beg to state that the practice made by these guns was excellent, as every officer on the spot could testify, and though sometimes short, the ricochet often lodged the shot among the enemy, who soon after opened a heavy fire from guns of various calibre of round shot and shell, from three different points.

After remaining here for about half an hour, the remainder of the 95th joined me as a support, under Major Vialls who reported his arrival. As I observed a body of the enemy, apparently in force, occupying some houses amongst the trees, firing on the skirmishers of the 86th, who were advancing in that direction, I desired Captain Smith's company, 95th Regiment, to proceed in support; Captain Smith then became detached, and was under the command of Colonel Lowth.

On a spur running down parallel to the entrenchments, some 40 or 50 of the rebels were placed under cover in different spots, and firing at

our men whilst they were serving the guns, exposed in the open. Further to our left I observed a party of the 95th advancing from the spur, and immediately ordered another company of the regiment across the valley to support them. The 10th Native Infantry here joined me, under the command of Lieutenant Roome, and a portion of these also I pushed on, leaving a company of the 95th, and the gunners before alluded to, to keep up the practice with the captured guns. This spur was occupied, and the 10th Native Infantry were ordered in advance, to line what appeared to me a small ditch and parapet running round the base of the hill, about 30 yards in front of it; a small howitzer and brass mortar, abandoned by the enemy, were found by the 10th Native Infantry. Lieutenant Roome, by my desire, advanced with a few men and disabled the gun, by knocking off one of the wheels. Further on, at a distance of about 100 yards, were two heavy brass guns (18-pounders), and immediately in vicinity of them I perceived a number of the enemy's cavalry, who, I believed, were posted there for the purpose of making a dash at us, in the event of our attempting to capture them. I therefore deemed it prudent to halt, and await orders, and reinforcements, having two companies of the 95th on the crest of the hill in skirmishing order, and lying down, a company of the 86th, and the remainder of the 10th, 50 yards in rear, as a support.

During this time the enemy took courage to come out, and load these guns with grape and canister; on finding which, I detached some men with their Enfield rifles, to keep them in check, and the fire from our men was so sharp, that after about eight shots, the enemy retired behind the building.

Lieutenant Knatchbull and seven or eight men of No. 1 Company of the 95th, went out by order, and dragged the small howitzer, before alluded to, and tumbril, up the hill to the end of the spur, and opened fire with it on the enemy posted behind the before-mentioned building.

I observed that the 95th had moved down and occupied the position to our left. Soon after this, the Major General arrived. I reported myself to him, as being in command ; he then directed me to proceed with a company of the 95th, and another to support, to capture the two heavy guns which were in position in the open, covering my advance with a gun which he had brought with him ; I did so, but, as we went on, a troop of the 1st Lancers passed by our men at the gallop, and I headed them at the charge with an officer, whose name I do not know, towards the guns, which we at once captured. I then proceeded, acting under the orders of the Major-General, towards the Maharajah's palace, where, after leaving a guard of the 95th and 10th Native Infantry, I returned to camp at 8 P.M., with four companies, the remainder being on picquet duty in the town.

I beg to bring to prominent notice Lieutenant Brockman and the men of the 86th Regiment, as well as Lieutenant Budgen, Lieutenant and Adjutant Sexton, and the gunners of the 95th, especially Private P. Murphy, Loix, Dempsey, and Colville, who so ably and with such effect served the guns which were turned upon the enemy ; and both corps seemed to vie with each other in firing quickly, and with proper effect. I regret to say that Lieutenant and Adjutant Sexton and Corporal Joseph Hunt were severely burnt by the accidental explosion of some loose powder, whilst serving the guns.

I also beg to mention Lieutenant Knatchbull, and the several men of his company who removed the howitzer, and turned it on the enemy.

To Major Vialls, who commanded the 95th, and Lieutenant Roome, in temporary command of the 10th Native Infantry, my best thanks are due for their valuable assistance; nor can I omit the name of Dr. Clarke, 95th, whose care and attention to the sick and wounded was unceasing, and who accompanied the regiment throughout the action, though he had barely recovered from a severe attack of sun-stroke, received two days before.

The casualties of the days are small, and present 2 officers wounded, and 1 man killed and 7 wounded, of the 95th; and 6 men of the 10th wounded; more detailed returns of which are already forwarded.

I have, &c.

J. A. R. RAINES, Lieutenant-Colonel,
Commanding the Infantry.

War-Office, Pall-Mall, S.W.,

THE Secretary of State for War has this day received a Despatch, of which the following is a copy, addressed to him by Major-General C. T.

Van Straubenzee, C.B., Commanding Her Majesty's Land Forces in China :

Head Quarters, Canton,

SIR,

August 21, 1858.

BY last mail I had the honour to report that a Naval and Military Expedition* was to proceed the next day to exact retribution for firing upon a Flag of Truce sent to Namtow, at the request of the Governor of Hong Kong.

I have now the honour to report the result of that expedition, which was assembled off Tyshan Island on the afternoon of the 10th instant, when, with Commodore the Honourable Keith Stewart, I went as close in shore as was practicable, from the state of the tide, to reconnoitre, and decided that the landing on the following day, which could not take place before 10 A.M., in consequence of the tide, should be to the S.W. of the walled city or fort, under cover of the gun-boats, &c.

On the morning of the 11th, soon after nine o'clock, I found the gun-boats getting under weigh, and hastened, with my staff, to join the Commodore, and found that in consequence of the rocky nature of the western side of the bay, and greater shoalness of the water, the Commodore had directed the landing to be in the village or suburb south-east of the city. This obliged our moving through the suburbs, and I at once decided to move, as far as practicable, in two parallel lines, one along a canal or wet ditch, which intersected the suburb, the other close to the sea, the boats

* Royal Artillery, 3 officers, 64 non-commissioned officers and men; Royal Engineers, 3 officers, 22 non-commissioned officers and men; Royal Marines L.I., 5 officers, 140 non-commissioned officers and men; 59th Regiment, 5 officers, 104 non-commissioned officers and men; 12th Madras N.I., 2 officers, 100 non-commissioned officers and men; Naval Brigade, employed on shore and afloat, 40 officers, 489 non-commissioned officers and men.

1858.

keeping slightly in rear of the heads of these columns.

I must here remark that, as the gun-boats, &c., were moving towards the shore, several shots were fired from a newly-erected battery to the south-west of the walled town of Nantow, and close to the beach, which was soon silenced by the admirable fire from the gun-boats, the precision of which was most striking.

The landing was effected before eleven o'clock, and the advanced party consisted of the Naval Brigade, under Capt. Slight, H.M.S. Sanspareil, who was very soon engaged, a heavy fire of gingalls and matchlocks being opened in front and from the streets running at right angles with those by which we were advancing, the Chinese retreating as we advanced. During this advance, a most gallant and promising officer, Commander Madden, of H.M.S. Sanspareil, was most dangerously wounded, with several men. The inner line was composed of the 59th Regiment, led by Brevet-Major Romer and Capt. Bushe, of that corps; the Royal Marine Light Infantry being in reserve, but constantly under fire from the right flank, as also the 12th Madras Native Infantry.

The heat being fearful, I halted frequently wherever the trees or sheds afforded cover from the sun, and where the men were not exposed to the enemy's fire.

Lieutenant-Colonel Clifford, Assistant Quartermaster-General, having reported to me shortly after one o'clock that the ladders were ready, and having well reconnoitred the wall, I directed Capt. Slight, of H.M.S. Sanspareil, and Commander Saumerez, of H.M.S. Cormorant, to lead their men to the assault, covered by the 59th Regiment, and supported by the 12th Madras Native Infantry, under Captain Riach, our right

flank being protected by the Royal Marines, under Brevet-Major Foote, Col. Hope Graham, C.B., having the general direction.

Before two o'clock the fort was in our possession.

Commander Saumerez's party was accompanied by Captain Lambert, of the Royal Engineers, who was mortally wounded by the accidental discharge of a firelock of one of the men crowding up the ladder after him. He was a most gallant and talented officer, and his loss to the service and to his friends is deeply to be deplored. During the escalade of the walls, the force under Colonel Graham was attacked by several hundred Braves, who were gallantly repulsed by Brevet-Major Foote and the Royal Marines, though not without loss.

The wall gained, the enemy fled, leaving the interior almost wholly deserted; the place was given up to destruction, and the principal gates blown in.

The force bivouacked in the fort that night, and the re-embarkation, which was most satisfactorily conducted under Captain Hand, of Her Majesty's ship Sampson, and Commander Lacy, of Her Majesty's ship Adventure, with Lieutenant-Colonel Hon. H. Clifford, was effected by 10 A.M. the following morning, bringing away two large brass guns.

I owe my thanks to all concerned in this gallant little affair, officers, non-commissioned officers, and men of both services, and take this opportunity of recording the names of all prominently employed, Lieutenant-Colonel Stephenson, C.B., Assistant Adjutant-General, Lieutenant-Colonel Hon H. Clifford, V. C., Assistant Quartermaster-General, and Lieutenant Longley, Royal Engineers, acting temporarily as my Aide-de-Camp.

Colonel Hope Graham, C.B., 59th Regiment, who volunteered to accompany me as second in command; Captain Slight, Her Majesty's ship Sanspareil, commanding Naval Brigade; Lieutenant-Colonel Wynne, commanding Royal Engineers; Captain Porter, commanding Royal Artillery; Brevet-Major Foote, commanding Royal Marines; Brevet-Major Romer, commanding 59th Regiment; Captain Riack, commanding 12th Madras Native Infantry; and Lieutenant Honourable W. Le poer Trench, Royal Engineers, commanding detachment of Sappers; also Ensign Danvers, 70th Bengal Native Infantry, attached to the Military Train, and whose loss I have with true regret to record, he having been killed by the accidental discharge of a musket of one of the Gun Lascars when about to re-embark. He was a most promising young officer, and is much regretted by the force. I must also record my sense of the courtesy with which Commodore the Honourable Keith Stewart co-operated with me on every occasion; and my thanks are due to Captain Hand, Her Majesty's ship Sampson; Commander Saumerez, Her Majesty's ship Cormorant, and to all the officers commanding gun-boats employed.

A list of casualties and ordnance captured is also appended.

I have, &c.,

**GENERAL ORDERS BY THE GOVERNOR
GENERAL OF INDIA.**

Military Department,

Allahabad, July 19, 1858.

No. 283 of 1858.

THE Right Honorable the Governor-General is pleased to direct the publication of the following letter from the Adjutant-General of the Army, No. 478A, dated 7th July, 1858, bringing to

notice the services of the Military Train, which were not prominently stated in the despatches published regarding Lucknow.

*Head-Quarters, Allahabad,

SIR,

No. 478A.

IT having been brought to the notice of the Commander-in-Chief, that the services of the 2nd Battalion Military Train, under Lieutenant-Colonel J. P. Robertson, have not been adequately acknowledged in the despatches connected with the relief of Lucknow, in November, 1857, and the capture of that city in March last, his Excellency desires to rectify these omissions.

2. The Military Train joined the force, under the personal orders of the Commander-in-Chief, just prior to the relief of Lucknow, and, with portions of Her Majesty's 9th Lancers and Punjaub Cavalry, under Brigadier A. Little, was usefully and actively employed at the Dilkhoosha in protecting the stores and covering the rear of the troops engaged in the relief of the residency, during which period the cavalry were daily engaged with the enemy.

3. At the capture of Lucknow, the Military Train again rendered good and gallant service, particularly on the occasion of an attack made on our troops at Alum Bagh, on the 16th March, when a very large force of the enemy's horse was kept in check and regulsed, principally by the fire of artillery, aided by the bold countenance shown by the Military Train.

4. His Excellency has pleasure in bearing witness to the efficient service rendered by the 2nd Battalion Military Train, and while recommending the Corps to the favorable consideration of the Right Honorable the Governor-General, trusts that his Lordship will order steps to be taken to rectify the omission of acknowledgements for the services of the corps in the despatches above adverted to.

I HAVE the honor to forward, for submission to his Excellency the Commander in-Chief and Government, the accompanying despatch from Major W. A. Orr, Commanding Field Force Hyderabad Contingent, reporting his successful attack on the rebels at Belowah.

I sent Major Orr with the force detailed by him, from Calpee down the road to Jhansie, to clear it of a band of rebels under the Chief of Belowah, who were endeavouring again to reorganize, and to cut off our communications with Jhansi.

SIR, *Camp at Belowah, May 31, 1858.*
No. 165 of 1858.

I HAVE the honor to report, for the information of the Major-General Commanding in Central

India, that I attacked the rebel Thakoor Burjore Sing this morning, killing and dispersing his whole band.

2. Late yesterday evening, being then at Orai, I received from Captain Pinkney information which I thought might be relied upon, that Burjore Sing was at his stronghold of Belowah. I determined to move at once, and by making a forced march, surprise and surround him. I accordingly moved from Orai at 10 P M., with the whole of my force,* and from Girtan, a village half way to this, I pushed on ahead with the cavalry at a rapid pace. The distance from Orai to this is about 19 miles.

3. We arrived about day-break. I at once threw my cavalry round the whole place, and waited for the infantry and guns. The alarm was speedily given, and a fire opened upon us from the Ghurry, which, however, did no execution. The rebels in a short time appeared outside the fort and town in a large mass, numbering from 200 to 250. Under the cover of a garden they formed up, and moved forward in a compact body, and in regular formation. Collecting some of my picquets, but keeping others to watch the Ghurry, I advanced the Cavalry† against this mass, with the view to embarrass and impede their progress, until the artillery and infantry, which then appeared in sight, should come up.

4. The guns of the Light Field Battery having

* 1st Cavalry, 165 sabres, Lieutenant Dowker Commanding; 4th Cavalry, 162 sabres, Lieutenant Dun Commanding; 1st Company Artillery, two 6-pounder guns; 4th Artillery, two 12-pounder howitzers, two 5½-inch mortars; Left Wing, 3rd Infantry, 314 bayonets, Lieutenant Macquoid commanding; Siege Train attached, one 18-pounder gun, two 8-inch mortars; Sappers and Miners attached, 22 bayonets.

† 81 sabres.

got within range. I opened with shell and shrapnell and with good effect. The cavalry then charged and cut up a number of both horsemen and foot ; but the rebels threw themselves into some deep and strong ravines running towards the Betwah, and to attack or dislodge them from which was very difficult. These ravines are of the same nature as those about Calpee, and many of them are filled with a mass of prickly thorn bushes. The enemy fought desperately. In such ground, and fighting under such disadvantages, it was to be expected that our loss would be heavy. I much regret to say, our casualties are heavier than I had even feared would be the case, and we have lost 7 killed and 4 wounded in the infantry alone. Burjore Sing was present, but I much regret to say, effected his escape. His horse and standard were taken, and he himself only got away by threading the ravines on foot, and having stripped himself of almost all his clothing. He lost every thing he had with him. His horses, camels, and all his property were captured.

5. But though he has this time escaped capture, his power and influence must for the present be completely broken by the death or dispersion of his entire band ; and I trust the example made, will have a good effect throughout this disturbed part of the country. I estimate the killed at between 120 and 150, and I have 35 prisoners, who will be brought to trial upon the charge of being in arms against the British Government.

6. I am in possession of the fort or ghurry, and have commenced the necessary steps for having it dismantled, and its defences destroyed. This would have detained me here to-morrow, even had the long march of last night, and to-day's operations, not rendered a day's halt necessary.

7. I beg to bring to the favorable notice of the

Major-General, the names of all the officers engaged. Their gallantry, alacrity, and zeal were most marked, and deserve my best thanks.

Lieutenant Dowker, commanding 1st Cavalry.

Lieutenant Macquoid, Adjutant 5th Infantry, and commanding left wing 3rd Infantry.

Lieutenant Dun, Second in Command 4th Cavalry.

Lieutenant Fraser, Adjutant 4th Cavalry and Staff Officer Field Force.

Lieutenant Westmacott, 23rd Bengal Native Infantry, doing duty 4th Cavalry H. C., severely wounded.

Surgeon Orr, 4th Cavalry, Senior Surgeon Field Force.

Assistant-Surgeon Sanderson, 1st Cavalry Hyderabad Contingent.

8. My best thanks are also due to Captain Pinkney, Commissioner of Jhansi, for his services during the action, as also for his ready assistance on all occasions.

I beg to forward casualty rolls of men and horses killed and wounded.

I have, &c.,

Commanding Field Force, H. C.

GENERAL ORDERS BY THE RIGHT
HONORABLE THE GOVERNOR-GENE-
RAL OF INDIA.

*Military Department,
Allahabad, July 29, 1858.*

No. 321 of 1858.

THE Right Honorable the Governor-General is pleased to direct the publication of the following

two despatches from Brigadier F. Berkeley, C.B., commanding Soraon Field Force, dated the 15th and 18th instant, the former reporting the capture of the village and fort of Dehaign, and the latter reporting the subsequent capture of the Fort of Tiroul.

No. 9.

Brigadier Berkeley, C.B., Commanding Soraon Field Force, to Major-General Sir W. Mansfield, K.C.B., Chief of the Staff.

SIR, Camp, Soraon, July 15, 1858.

I HAVE the honor to report, for the information of his Excellency the Commander-in-Chief, that I yesterday attacked and captured the village and fort of Dehaign, employing for that purpose the force as per margin.*

2. The rebels retired into the fort on our approach, allowing the skirmishers to occupy the village with very little opposition.

3. I directed patrols of cavalry to encircle the fort, and posted the Horse Artillery, with a cavalry escort, on ground where they would have a good view of any rebels attempting to escape from the north side.

4. On the arrival of the heavy guns, I caused them to open in the direction pointed out to us by natives, but it was impossible to judge what effect

* Major Mitchell, $\frac{1}{2}$ E. Troop, Royal Horse Artillery; Lieutenant Cottingham, No. 4 Company, 4th Battalion Royal Artillery, one 18-pounder, one 8-inch mortar, one 24-pounder howitzer, two 5 $\frac{1}{2}$ -inch mortar; Lieutenant-Colonel Carmichael, Her Majesty's 32nd Light Infantry, 200 bayonets; Brevet-Major Gillum, Detachment Her Majesty's 54th, 80 bayonets; Lieutenant Gordon, 7th Punjab Infantry, 542 bayonets; Lieutenant Richard, Detachment Sikhs Ferozepore, 70 bayonets; Lieutenant-Colonel Whistler, Detachment 6th Madras Light Cavalry, 52 sabres; Captain Balmain, Lahore Light Horse, 60 sabres.

was produced, the fort being completely hidden by trees and thick scrubby jungle. I determined therefore to attack at once with the infantry, and ordered the 7th Punjaub Regiment to advance in skirmishing order, supported by the detachment of the 54th Regiment, under command of Major Gillum, the 24-pounder howitzer followed close in rear, guarded by a company of Her Majesty's 32nd Light Infantry.

5. The 7th Punjaub Infantry, in two bodies, respectively headed by Lieutenant Gordon, who was in command of the regiment, and Captain Colls, of the 32nd Light Infantry, Field Engineer, dashed gallantly forward, and following the enemy rapidly up, entered the wicket along with them, closely followed by the detachment, Her Majesty's 54th Regiment.

6. About two hundred and fifty of the rebels were killed in the ditch, the rest were rapidly chased through the jungle, and cut down in every direction; about a hundred and fifty of those that escaped from the fort were cut up by the Cavalry and Horse Artillery, but several parties succeeded in getting off, owing to the paucity of cavalry; in all about five hundred were killed.

7. Dehaign cannot properly be called a fort; it is a large area of jungle surrounded by a dilapidated earthen wall and ditch, and fenced with a thorny abattis; in the centre is a square brick-house, in this I have left a strong Seikh picquet to protect the labourers Mr. Willock has procured to cut the jungle, level the walls, &c., when that is done, the picquet will be withdrawn and the house destroyed; no guns were found in the fort.

8. Both Officers and men exerted themselves to the utmost, and I trust will be considered to have merited the approbation of his Excellency the Commander-in-Chief. Mr. Willock, Joint

Magistrate, accompanied me, and rendered every assistance in his power.

9. I enclose herewith a return of casualties, which I am happy to say, are very few; also a nominal roll.

I have, &c.

F. BERKELEY, Brigadier,
Commanding Soraon Field Force.

No. 12.

Brigadier Berkeley, C.B., Commanding Soraon Field Force, to Major-General Sir Wm. Mansfield, K.C.B., Chief of the Staff.

SIR, Soraon, July 18, 1858.

I HAVE the honor to report, for the information of his Excellency the Commander-in-Chief, that, on the 16th instant, I proceeded with the Soraon Field Force as per margin,* to attack the Fort of Tiroul, 7 miles north of this camp.

2. We found the village deserted, and took up our position on the only open side of the fort, which is to the west, without any more resistance than an occasional round shot from the fort.

3. The fort is surrounded on three sides by an impenetrable thorny jungle, a few footpaths being cut in it, which are known only to the natives; it is also surrounded by a very thick thorny abbattis,

* One gun, one howitzer, Royal Horse Artillery, Major Mitchell, one 18-pounder, two 8-inch mortar, one 24-pounder howitzer; two 5½-inch mortar, Royal Artillery; Lieutenant Cottingham, Her Majesty's 32nd Light Infantry, 200 bayonets; Lieutenant-Colonel Carmichael, Her Majesty's 54th Regiment, 80 bayonets, Major Gillum, 7th Panjaub Native Infantry, 542 bayonets; Lieutenant Gordon, Detachment Seikhs, 74; Lieutenant Richard, Lahore Light Horse, 60 sabres; Captain Balmain, 6th Madras Cavalry, 52 sabres; Lieutenant-Colonel Whistler, Cavalry attached to Panjaub Infantry, 28.

has six bastions and mounted three guns, the escarp and parapet are about twenty-five feet high, in some places rather less ; on the west or open side is the gateway, closing with a strong door, which is the only entrance to the fort. This side was fenced in with a double abbattis, having a passage twelve feet wide between them ; in rear of the inner one were trenches and places d'armes for the defenders of the breast-work, who could, if forced, retreat into the fort through the gateway, and leave the attacking part exposed to the close fire of the loopholed walls.

4. Although I call this side open, it is only comparatively so, as, what with the high thorny abbattis, and the trees, it is with the greatest difficulty that a glimpse can be obtained of any part of the wall.

5. The mortars and 24-pounder howitzer did their work luckily and well ; and the enemy evacuated the fort in the night, leaving 3 guns, 500 rounds of gun ammunition, and a quantity of powder behind them.

6. I have left 300 of the 7th Punjaub Infantry as a guard in the fort, until arrangements are made by the Joint Magistrate, Mr. Willock, for its destruction, which will be a work of some time.

7. I have to thank Major Mitchell, Royal Horse Artillery, for the good service he rendered in directing the fire of the heavy guns ; and Lieutenant Cottingham, Royal Artillery, for the unflagging energy he displayed in working his mortars.

8. I also wish to bring to his Excellency's notice the gallant conduct of Captain Colls, Her Majesty's 32nd Light Infantry, Field Engineer, who guided a small party of Punjaub Infantry under the walls of the place, and succeeded in

introducing port-fires into the abbattis. The enemy rushed out, and drove them away, killing the Naique ; they then put out the fire, so that no effect was produced, but Captain Colls's endeavour to fire the abbattis was not the less meritorious.

9. Captain Middleton, Brigade-Major, with a covering party of 10 men of Her Majesty's 32nd Light Infantry, also placed, in the middle of the night, before I was aware of the evacuation of the place, a bag of combustibles in the middle of the abbattis in front of the wicket.

10. I received every assistance from all officers engaged ; and the Punjaub Infantry, on whom, from necessity, after the artillery, the hard work fell, were most zealously and ably commanded by Lieutenant Gordon, Her Majesty's 61st Regiment.

11. Mr. Willock, the Joint Magistrate, was kind enough to assist me in everything that lay in his power.

12. I have the honor to annex casualty and captured ordnance returns.

I have, &c.,

F. BERKELEY, Brigadier,
Commanding Soraon Field Force.

Description of Tiroul.

The fort is of mud and nearly square in form, with seven round bastions connected by curtains. The curtains are about seven feet thick at top, with a loopholed parapet, and on the inside have a sufficient slope to enable the defenders to ascend with ease to the terre plaine. This slope gives a great increase to the thickness of the curtains near their base. The place is surrounded (except at the gateway) by a dry ditch about six feet deep, and the height from the bottom of the ditch to the top of the parapet varies from 20 to 25 feet. On the

north-east and south-east sides there is an impenetrable jungle of trees and thorny underwood.

On all sides there is a breast-work outside the ditch with flanking rifle-pits and a thorny abbattis in front; on the west there are two lines of this abbattis about 15 feet apart, and very thick at the north-west angle; outside the tank, there is an ingeniously contrived labyrinth of entrenchments, screened from view at a distance, a part of which enfilade the approach to the gateway. There is only one entrance to the place. The west front of the fort is comparatively open, and a view of portion of the south-west bastion, and a small part of the curtain can be obtained at the distance of 400 yards; the remainder of the place is concealed by trees. The abbattis forms the greatest obstacle to an attacking column, as the stormers would be delayed by it many minutes, exposed to a close fire from the body of the place and out-works.

Her Majesty's 32nd Light Infantry.

DESPATCHES, of which the following are

Lords Commissioners of the Admiralty from Rear-
Admiral Sir Michael Seymour :

CAPTURE OF PIRATE VESSELS BY STAUNCH
GUNBOAT.

Calcutta, at Hong Kong,

SIR,

August 24, 1858.

I HAVE the honour to transmit, to be laid
before the Lords Commissioners of the Admiralty,
a copy of a letter dated the 4th August, with its
inclosures, from Lieutenant L. Wildman, com-
manding Her Majesty's steam gun-boat *Staunch*,
reporting an attack on three pirate vessels, on his
passage from Shanghai to Hong Kong, and the
destruction of two of them with most of their
crews.

2. Taking into consideration the great disparity of force opposed to the *Staunch*, and that the latter had only her two 24-pounder howitzers on board, I consider this gallant action reflects great credit on Lieutenant Wildman, his officers, and limited complement.

I have, &c.,

M. SEYMOUR,

Rear-Admiral and Commander-in-Chief.

The Secretary of the Admiralty.

REPORTING THE CAPTURE OF TWO PIRATICAL JUNKS.

*Her Majesty's gun-boat Staunch,
off Te plein Island,*

SIR,

August 4, 1858.

I HAVE the honour to report for your Excellency's information the particulars of an engagement which took place this morning off the island Taon Pung, about fifty miles to the north of the port of Wauchon, between Her Majesty's gun-boat under my command and three piratical junks.

At 8 A.M., whilst at anchor off that island, two Sanpans came alongside with information that some piratical junks had attacked and plundered a village, &c., and were then rounding a neighbouring point.

I immediately weighed, cleared for action, and stood (under steam) towards four junks which had just then cleared the point, one flying an English ensign, a second a Portuguese, the other two Chinese flags. When we had closed within 200 yards the three largest junks opened a smart and effective fire on us, doing much damage aloft; and to prevent injuring my boats, as I determined to take them by boarding, I deemed it prudent to lower and tow them astern. I then re-

turned their fire with the *Staunch's* two howitzers, still closing with them ; but as our long gun had been sent on board Her Majesty's ship *Fury* by your Excellency's orders, to ease the gun-boat coming down the China Sea, during the typhoon season, our fire was comparatively feeble.

I went ahead at full speed on to the largest junk, giving orders to lash her alongside us ; but the instant we touched, such a shower of stink-pots and other combustible matter was thrown on board us, it was impossible for any person to remain forward, or to see through the dense smoke they occasioned.

It was at this moment, I deeply regret to state, that Edward George, A.B., who was actually engaged in lashing the junk alongside, having gallantly jumped on board her for that purpose, was cut to pieces, and his remains thrown overboard. The strong breeze favouring the junk, and a heavy swell making it difficult to lash her, she sheered off ; and the Chinese in the meantime, having cut our boats adrift, and being close to the rocks, I backed astern, and having picked them up, I remounted the howitzers, which had been dismounted from the rapidity of my fire, and renewed the engagement, running alongside one and boarding, killing a great number of her crew, many of whom endeavoured to escape by jumping overboard, but only a small number reached the shore.

Leaving this vessel in charge of Mr. Morice, the Second Master, and a party of men, I gave chase to a second in my gig, and having come up with her, I boarded and took possession, making prisoners of the only two living men on board, many having been killed, and a few escaping by jumping overboard. The third junk, in the meanwhile, having got some distance away, and not

having more than five effective men left after the engagement, I deemed it prudent not to follow her among the numerous rocks and intricate passage she had taken, and being unable to spare any officers and men for the captured junks, I gave directions for them to be burnt, which was done.

I should observe that, during the time Mr Morice and the men whom I had left with him to burn the first junk, were performing this duty, a number of Sanpans pulled alongside, and endeavoured to recapture her, firing her long gun below where our people were lighting a fire. Fortunately it did no harm to them, but caused an explosion, which killed from 20 to 30 Chinese.

The fourth vessel having been a capture made by the pirates, I released, having previously obtained a written statement to that effect.

I have great pleasure in bringing to your Excellency's notice the admirable and gallant conduct of Mr. Morice, Second Master, the other officers and ship's company of the *Staunch* in this action, under the double disadvantage of a very reduced complement and armament, with these three junks, carrying a long 24-pounder gun amidships, and six broadside guns of smaller calibre, besides several mounted gingalls.

Charles Ansell, Quartermaster, I also wish particularly to bring to your notice, for his assistance in pointing the howitzers, and his gallant conduct throughout the engagement.

I enclose my list of casualties and defects.

I have, &c.,

LEVESON WILDMAN,

Lieutenant and Commander.

P.S.—I should have mentioned that from the quantity of European knives, revolver cartridges and rifles, and the desperate resistance they made

in keeping up a heavy fire, that Europeans must have been on board; the engagement having lasted five hours.

OPERATIONS AGAINST PIRATES.

Calcutta, at Hong-Kong,

SIR, *September 10, 1858.*

INFORMATION having reached me, on the evening of the 22nd ultimo, that a fleet of 20 pirate vessels had captured a junk bound to Hong-Kong, in the neighbourhood of this island, I despatched Her Majesty's steam-gun-vessel, *Surprise*, on the following morning, in search of them. She returned the same evening, having succeeded in destroying or capturing 26 heavily-armed junks at the island of Singting, mounting over 300 guns. I enclose Commander Cresswell's report of his proceedings, dated the 24th August, and beg to draw their Lordships' favourable notice to the gallant manner in which the commander, officers, and crew of the *Surprise* engaged and overcame so superior a force.

2. It being reported that the pirates destroyed by the *Surprise* formed a division of a large fleet to the southward, which has harassed the coasting trade for some time, I ordered the *Magicienne*, *Inflexible*, *Plover*, and *Algerine*, under the orders of Captain Nicholas Vansittart, C.B., to scour the coast in that direction. By that officer's report, herewith enclosed, dated the 4th instant, their Lordships will perceive that the expedition was attended with the most complete success, no less than 100 piratical vessels having been destroyed, and 236 guns sunk in deep water, with heavy loss to those desperate miscreants. The

town of Coolan, the head-quarters of the pirates, was also destroyed, as well as a stockaded fort of fourteen guns. The conduct of the officers and men of the squadron is deserving of the highest praise.

3. On Captain Vansittart's return, I ordered him to cruise to the northward of Hong Kong ; but though he visited all the usual haunts of the pirates, the people stated that they had not been troubled for some time past.

4. These important successes have afforded much satisfaction to the Chinese traders. Captain Vansittart justly gives great credit to Mr. Caldwell, Registrar-General, who accompanied the expedition, for obtaining information. This gentleman's name must be familiar to their Lordships, from his numerous services against pirates.

I have, &c.

M. SEYMOUR,

Rear-Admiral and Commander-in-Chief.

The Secretary of the Admiralty, London.

REPORTING CAPTURE AND DESTRUCTION OF PIRATICAL VESSELS.

*Her Majesty's ship Surprise,
at Hong Kong,*

August 24, 1858.

SIR,

I HAVE the honour to inform you that, in compliance with instructions received from you, on the night of the 22nd inst., directing me to proceed in search of piratical junks, near the Leman Islands, and effect their capture or destruction, I proceeded to sea at daylight the following morning, having with me the launch and barge of Her Majesty's ship Cambrian.

Shortly after opening out from Hong Kong

Bay the pilot pointed out three boats working to windward, and informed me that they were part of the piratical fleet. I fortunately, at this time, observed many masts in a small bay, in N.W. part of the island of Ling-Sing, and being informed it was the main body of the piratical force, I proceeded toward them.

When within about 1700 yards they opened fire on me, which I did not return, until within about 1000, when we engaged them with one port broadside, firing shot and shell.

I then directed the Cambrian's boom boats to take up a position in shore of us, so as to be able to advance, taking them in the flank, as their guns came within range: the enemy directed much of their fire to the boats, which was admirably replied to by Lieutenant J. W. Webb, as he steadily advanced with his boats.

The enemy opened on us at 8 A.M., keeping up a smart and well-directed fire with round shot, and spear headed rockets, and, as we closed, with grape and canister, hulling the ship on several occasions, and had we not kept on a continual move would doubtless have caused us material damage.

After about 35 minutes their fire considerably slackened, and at about 9 o'clock two of their largest lorchas blew up with a tremendous explosion, caused apparently by the bursting of one of our shells; they appeared immediately paralyzed, and their firing ceased. Taking advantage of this, I pushed on with my own boats, and joining with the Cambrian's boats, effected a landing within a very short distance of the junks, having observed the crews desert their vessels and take to the hills.

On advancing to the top of a neighbouring ridge, some more piratical vessels were discovered

in a snug creek in the opposite side, crowded with men, and evidently prepared for an attack from seaward; our position completed commanded them, and by opening fire on them with our rifles, killing a great number, caused the others to run away, after a vain attempt to reach us with their gingalls, our height being too great for any effective fire from the large guns.

Not deeming it prudent to expose the men unnecessarily to the scorching heat of the sun, I ordered their return to the boats in preference to advancing by land, and returning myself to the Surprise, closed and, taking the boats in tow, steamed round abreast the creek, and fired a few shells. I then despatched the Cambrian's and our own boats, under cover of our fire, to effect the capture of the junks. No resistance was offered, beyond the occasional fire of gingalls, from the neighbouring hills, the junks being deserted.

Several of them being aground and many others much shattered, from our fire, we only succeeded in bringing out seven, so I ordered the remainder to be destroyed by fire.

On boarding and landing, to effect this, we found a number of dead Chinamen, and observed, for the first time, several guns mounted on shore, commanding the creek, which were destroyed.

The capture of the piratical fleet being completed, 19 having been set fire to, and 7 taken possession of, and observing the total destruction of the ones fired by the explosion of their several magazines, I proceeded on my return to Hong Kong, taking 4 of the junks in tow, the 3 others being in charge of officers with orders to follow, and arrived at this port at 9.30 P.M., with the 4 junks, the others arriving during the night.

Of the seven vessels we have in our possession, two are lorcha built, one mounting 28 guns, the

other 24—from 6 to 24-pounders ; the remaining ones being junks of from 7 to 16 guns.

Of those destroyed five were heavily armed lorchas, the remainder averaging the same armament as above. In all mounting on board and on shore 327 guns, 103 of which are on board the vessels brought in.

I have great pleasure in bringing to your notice the conduct of Lieut. J. W. Webb of H.M.S. Cambrian, for the very gallant and judicious manner in which he fought the boats of that vessel ; and of the assistance rendered me both on board and on shore by Lieut. Charles Parry, Senior Lieutenant of the Surprise, as also of the steadiness and zeal displayed by the other officers and men under my command.

The only casualty was Mr. Mallet, mate of the Cambrian, who, I regret to say, was severely burnt from an explosion whilst firing one of the junks.

I have, &c.,
S. GURNEY CRESSWELL,
Commander.

His Excellency
Rear-Admiral Sir M. Seymour,
K.C.B.

LETTER OF PROCEEDINGS.

Her Majesty's ship Magicienne,
off Linting Island, 4th September, 1858.

SIR,

I HAVE the honour to inform you, that in obedience to your orders for me to take under my directions Her Majesty's ships Inflexible, Plover, Algerine, and proceed with them to destroy and capture the many pirates represented as being in this neighbourhood, that I left the anchorage of

Hong Kong with the said vessels and Her Majesty's ship under my command on the morning of the 26th ultimo, as soon as Mr. Caldwell, the Registrar General, and three Chinese informers had come on board.

From Hong Kong we proceeded and examined carefully the whole coast as far westward as Mamee, having up to the present date taken and destroyed—1 fortified stockade mounting 14 guns, 26 piratical fighting junks, 74 fast row-boats, 236 guns, about 372 pirates killed, 36 pirates taken alive, 6 cargo vessels recaptured from pirates, 54 men and 6 women retaken from pirates ; with only a few wounded on our side.

I enclose herewith a detailed account of each day's proceedings, with list of captures, people rescued, casualties, officers employed in boats, &c. I cannot say too much for the valuable assistance I have received from Mr. Caldwell, the Registrar General, who was most indefatigable in his exertions, gaining much valuable information from the prisoners rescued, and by other means, thereby being in a great measure the cause of our success, and he showed much judgment in discriminating the innocent from the guilty of those captured on board the junks, besides being a valuable acquisition from his intimate knowledge of the Chinese language.

In conclusion, I beg to draw to your favourable notice more particularly the following officers :—Commander Brooker, of the Inflexible ; J. C. Soady, Senior Lieutenant of this ship ; Lieutenant Wynniatt, commanding Plover ; Lieutenant Arthur, commanding Algerine ; Lieutenant Bevan, of the Inflexible ; and Mr. Brabazon, Acting Mate of this ship, as being in command of parties. The work undergone by all the officers and men employed, the precision of the fire of the vessels and

boats, the order and discipline sustained, reflect the highest credit to both officers and men, as also to the masters of the two ships and second masters of the gunboat, for their conducting their respective vessels through so many intricate channels.

To Commander Brooker I gave the command of the left division of boats, with the gunboat *Algerine* ; besides his co-operating with me on all occasions, he was most energetic in endeavouring to carry out all my wishes, and I found his services most valuable, he having been employed against the Chinese pirates on former occasions.

To First Lieutenant J. C. Soady of this ship. I gave command of the right division of boats on every occasion ; besides the entire management of getting guns out of vessels into deep water, landing parties on shore and setting vessels on fire, he is an invaluable officer ; amongst many other claims on the service, he was First Lieutenant of the *Arrogant* at the bombardment of Sweaborg in 1855.

Lieutenants Wynniatt and Arthur are most highly deserving officers. Lieutenant Wynniatt's despatch concerning his gallant attack upon the pirate squadron on the 29th August, I enclose herewith. Lieutenant Arthur, although much hurt, on the 28th August, in both legs, by the carrying away of a hawser, refused to have assistance lent to him, but was always at work when anything was to be done.

First Lieutenant Bevan, of the *Inflexible*, acted with Commander Brooker, who speaks most highly of him and the assistance he received.

Mr. Brabazon, Acting Mate of this ship, besides being on board the *Plover*, with ten of the *Magicienne's* Royal Marine Artillery to assist in working her guns, was always away in the boats upon their shoving off from the gun-boat,

and was with me on the 30th August, in the first gig, when, from being a light boat, we got within a few yards of the pirate junk, before the other boats could come up, the pirates making a good defence, so much so as to wound 8 of 9 men whom I took in the boat. I found his services as a good rifle shot, with the assistance of the two marines of great service.

Mr. G. Anstruther, midshipman of this ship, gallantly saved from drowning one of the gig's crew, of which I have spoken in the detailed account.

Commander Brooker, Lieutenants Soady and Wynniatt, were with me on the 27th August, when, with ten men, we made the night attack on the fortified stockade of 14 guns.

I have despatched the *Algerine* into Hong Kong with Mr. Caldwell, the three Chinese informers, and the remainder of the persons rescued from the pirates not yet disposed of. Upon the *Algerine's* return with Mr. Caldwell, I propose searching well the bays in the vicinity of Hong Kong to the eastward, as we have every reason to believe that there is still one fleet of junks undiscovered.

The energy of Mr. Caldwell in finding out and gaining information as to where the pirates are, does him the very greatest credit.

Trusting you will approve of my proceedings since leaving Hong Kong on the 26th ultimo,

I have, &c.,

NICHOLAS VANSITTART,

Captain.

Rear-Admiral Sir M. Seymour, K.C.B.,
Commander-in-Chief, &c.

Detailed Account of the Proceedings of H. M. Ships. Magicienne, Inflexible, Plover, and Algerine, when upon a Cruise for the Suppression of Piracy.

1858, 26th August.—Leaving the anchorage at Hong Kong at 6.30 A.M., we proceeded and carefully examined Pootoy, the Lema Islands, Sammoon, Lingting and Chungchow; sending the Inflexible and Algerine to the westward of Lingting, the Magicienne with the Plover going to the eastward, we came upon two piratical fighting junks and one fast-boat. One of the junks having her anchor up made for the shore, the crew taking to their boats. I immediately despatched the Plover, directing Lieutenant Wynniatt to bring her out, which he did, and was fortunate in recapturing Chas. Deacon, an Englishman (belonging to the American ship Antelope) who had been taken by the pirates three weeks before, in company with the mate and eight Chinese; the former and four of the latter he saw cut down and thrown overboard at the time of being captured. The second junk was at anchor, which the pirates had abandoned and laid a train to, but she fortunately blew up before the Plover's boat reached her. Being informed that there were about 120 pirates on the island who had taken to the hills and rocks, I despatched Lieutenant Soady, 1st Lieutenant of this ship, and Lieutenant Tuson, R.M.A., with a strong party ashore to cut off any pirates, but found here, as elsewhere, that it was useless following them, so shot at the different parties as they showed themselves. The junk blown up being nearly awash, I directed Lieutenant Soady to recover as many of the guns on board her as he possibly could, and to bring them out into deep water, which by nine the next morning he completed, bringing out with those on board the first

captured junk, 50 guns of from 6, 9, 12, and 18-pounders, all of which were taken into deep water and junks destroyed. Ashore, much shot and ammunition was found, all of which was destroyed.

27th August.—In the morning before leaving Lingting, a Chinese who had been taken by the pirates some days before, came on board in one of our boats ;—his description of the atrocities committed by the pirates was dreadful to hear. Mr. Caldwell, the Registrar-General, on board of us, having gained information at Lingting that two pirate junks, with a cargo junk of cocoa-nuts, had only left on the 25th for Coulan Bay, a stronghold and favourite resort of the pirates, we proceeded by the Ladrone Islands to Tylon, and anchored the *Magicienne* and *Inflexible* at 5 P.M. on the south side in 4 fathoms water. I immediately proceeded in the *Plover* with all the boats of the *Magicienne* armed, under Lieutenant Soady, and the boats of the *Inflexible* in tow of the *Algerine*, under Commander Brooker ; landing the marmes under Lieutenant Tuson, R.M.A., with pinnace in charge of Lieutenant Hill, on the south side. Upon our opening Coulan Bay, we discovered a squadron of five piratical fighting junks, with two captured cargo vessels. Upon our nearing them, they fired one gun, and ran their vessels aground, the crews jumping overboard and swimming ashore. The fire of the *Plover*, *Algerine*, and rocket-boats was admirable. Anchoring the gun-boats in position at sunset, we took possession of the pirate junks mounting in all 62 guns, the two cargo junks being one laden with cocoa-nuts and the other with rice. We had to destroy the cocoa-nut vessel (being on the rocks), but liberated the rice junk, putting on board of her the people found in the former, the united crews amounting to 24 men.

At 10 P.M. I started with Magicienne's and Inflexible's first gigs, accompanied by Commander Brooker, Lieutenants Soady and Wynniatt, on a reconnoitring expedition. Up the creek, we discovered and set fire to four piratical fighting junks, one of 12 guns, the others having had their guns removed; whilst destroying the junks and some smaller vessels, occasional musket-shots were fired at us, which we returned. As we were burning the third junk, great guns opened on us, at about 1,700 yards from inland, many of the shot reaching alongside the gigs at that distance. Favoured by the moon (occasionally obscured), I determined to land; so with Commander Brooker, Lieutenants Soady and Wynniatt, and ten men, we pushed on as well as we could find our way guided by the spirited fire of the guns at the stockade, which continued until we got within pistol-shot, up to which time we had reserved our fire. Giving a volley, we pushed on; the enemy ran, ourselves being brought up for a minute or so by the entrance of the stockade being staked; clambering through mud, water, and over embankment; we got possession of the 14-gun stockade, spiked the guns, destroyed the ammunition, fired volleys where at times we heard the enemy, and returned on board by 2 A.M. with no loss on our side. Although the shot came over our heads, the pirates appeared to be firing at where the vessels were burning in the creek, and not to be aware of our movements ashore, nor the smallness of our force, until we were close upon them. For, having to advance in single file, in a narrow pathway, several of the guns being placed so as to completely sweep away every thing approaching, we would have required a considerable force to have attacked it in the day time, and I have little doubt that we should have sustained some loss. The guns

were similar to those in the piratical fighting junks.

28th August.—Lieutenants Sharpe and Bevan were employed getting the guns out of the junks captured in Coulan Bay into deep water, and then setting the vessel on fire. Landing a large party under Commander Brooker, Lieutenant Soady, and Acting Mate Brabazon, I had 30 piratical fast-boats destroyed, and marched up to the stockade to destroy the guns more effectually and burn the houses in the vicinity; the same having been effected, all hands re-embarked and proceeded down to the-ships, weighed and steamed down on the south side, to Sandy Bay, St. John's Island, Mr. Caldwell going down on the north side, with Plover and Algerine, where all re-anchored by dark.

29th August.—At daylight having despatched the Plover and Algerine to search Samtong Bay, I proceeded with Mr. Caldwell and Commander Brooker, in *Magicienne's* and *Inflexible's* 1st giga, to search the small nooks and coves in Sandy Bay, St. John's Island. At the extreme end of one of the bays we came suddenly upon a piratical junk of 10 guns, all on one broadside, and 38 men all at their guns, pointed for the entrance between the rocks. As he evidently intended disputing our entrance, and it would be impossible to board him on account of his being high and dry on the mud, I had the gig's crews landed on the rocks with their rifles. Upon our opening fire the pirates immediately fled, many being killed;—on board we found two women, who had been prisoners for upwards of two months, whom we liberated. In the forenoon, seeing some junks to the westward, I despatched Commander Brooker in the *Inflexible* with the boats of the *Magicienne*

under Lieutenant Soady to examine them, remaining at anchor in *Magicienne* to superintend getting the pirate junk out to where we were at anchor. Off Hawchum Bluff, the *Plover* and *Algerine* came upon six piratical junks, upon which they made a spirited attack, doing much credit to Lieutenants Wynniatt and Arthur ; after an exchange of shot for several minutes, the pirates jumped overboard, upwards of 190 being killed or drowned, 36 taken alive, 22 people rescued, and 80 guns destroyed ; the *Inflexible* with *Magicienne's* boats coming in very opportunely to prevent any escape, and to give a finishing stroke to an affair so ably executed by Lieutenant Wynniatt. For the particulars I must refer you to the letter written by Lieutenant Wynniatt, enclosed herewith.

30th August.—At 4 P.M. hearing a gun fired from the northward, I had the *Plover* ready with the *Magicienne's* cutter under Lieutenant Soady, and *Inflexible's* cutter under Lieutenant Bevan, and started at daybreak, with Mr. Caldwell and Commander Brooker after four vessels for the land.

Upon our getting within gunshot, the crews of the two larger junks took to their boats and made for the shore, ourselves opening fire with musketry and great guns, destroying the greater part of them.

The vessels turned out to be one pirate junk mounting 5 guns, on board of which we found a Chinese woman, who had been made a prisoner with 7 men, some days before, near Macao ; her vessel, the second large one, having been kept by the pirates to form one of their squadron. The remaining two were fishing vessels, one with five men, the other with four on board, whom we

fiberated. The other two vessels I had taken into deep water, set fire to, and guns thrown overboard. The woman I had sent to the *Magicienne*.

Weighing with the ships at 8 P.M., we proceeded to Mong Chow, where leaving the *Magicienne* and *Inflexible* at anchor, I proceeded at 1 P.M., with Mr. Caldwell in the *Plover*, taking in tow all the *Magicienne's* boats under Lieutenant Soady; Commander Booker going in *Algerine* with *Inflexible's* boats. Proceeding up for Tywooshan, at 3 P.M., we discovered two junks; and on giving chase, one lowered her sails and anchored, turning out to be our old friend the rice junk, who had been again captured by another pirate (the vessel ahead), who was sailing away with a good breeze, and pulling with all her oars to escape up to the fort of Tywoo-shan. As soon as we came up within range, we opened fire, the Chinese villagers on shore following her up, so as to slaughter any one attempting to escape by swimming from her. At 4.10 P.M., the pirate opened fire upon us, and continued so doing until she was taken. The *Plover* having got within canister distance, did great execution, as did the *Algerine* and all the boats. Pushing off in the boats at 4.40, the pirate still sailing and pulling, gave us a hard chase; my gig being light, consequently got within pistol-shot distance before the other boats could come up. I cannot speak too highly of Mr. Brabazon, Acting Mate, and Mr. S. G. Anstruther, Midshipman, who came with me, or of the whole boat's crew, as, out of nine men, eight were wounded by the pirates; Mr. Brabazon with the two marines keeping up a most effective fire with their rifles; Mr. Anstruther most gallantly jumped overboard after T. Mills, Ordinary, one of the gig's crew, who in consequence of a stinkpot having exploded upon him,

had to jump overboard to save himself, but being unable to swim, was fast sinking, when Mr. Anstruther rescued him ; Mr. Anstruther's strength was also exhausted when assistance came to him. At 5.30 P.M., the boats having come within canister distance, as well as the Plover and Algerine, the pirate grounded in a sinking state ; those on board of her not killed, jumped overboard, the few escaping us being immediately slaughtered by the villagers ashore.

One Chinese, who had been taken prisoner by the pirates and rescued by us, informed us that this junk was commanded by the pirate chief Cheppoo, who was killed shortly before the vessel grounded ; also that she mounted 9 guns, having a crew of upwards of 65 men, not one of whom escaped. The coolness displayed throughout the expedition since leaving Hongkong by all on board, the accuracy of the fire from the Plover and Algerine, also from the boats of *Magicienne* and *Inflexible*, do great credit to all on board ; and I take this opportunity of recommending to your favourable notice, as I have done in my covering letter, particularly Commander Brooker, Lieutenant J. C. Soudy, Lieutenant Wynniatt, Lieutenant Arthur, Lieutenant Bevan, Acting Mate Brabazon, Midshipman Anstruther. The conducting of the Plover and Algerine through such intricate channels reflects the greatest credit on Mr. J. Harvey, and Mr. Clements, Masters ; Mr. Jno. Phillips, Acting Second Master, and Mr. H. Swainson, Second Master.

I enclose herewith a list of casualties, in which I am happy to say are none killed.

31st August.—Searching the various creeks, we found two junks with no guns on board, but as they answered the description given to Mr. Caldwell, I had them destroyed, meeting with no

resistance, with the exception of one gingall shot. Before high water, I had the Plover and Algerine placed in position before the battery of Tywooshan, in which were two heavy long guns, besides smaller ones : sending a boat in under Lieutenant Soady, to set fire to a large junk, which had been used as a pirate, but whose guns had been removed, our firing of the previous day giving them timely warning. We remained opposed to the battery until the vessel was burnt to the water's edge ; however as no shot was fired, I did not feel myself authorised in acting in any way against it, although it is well understood that the Hakka tribe, living there always, give protection openly to the pirates, the mandarins never yet having been able to take the place, although they have tried with a large force ; the Hakka tribe being in open rebellion against them. There being nothing more to complete the destruction of, I returned with the vessels and boats to where the *Magicienne* and *Inflexible* were at anchor.

1st September.—Proceeded with gun-boats in tow to Mamee, when sending for the Mandarin, I handed over to him 22 pirates for his disposal.

2nd September.—Proceeded to St. John's Island, searching the nooks and corners, finding nothing.

3rd September.—Proceeded at 4 A.M. for Tylon Island, where, at 11 A.M., anchoring the *Magicienne* and *Inflexible* on the south side, I started with Commander Brooker and Mr. Caldwell in *Plover* and *Algerine* with ships' boats to Coulan Bay. Finding I had been too lenient on the former occasion of visiting this place, in sparing the houses and many boats, as the accounts given by prisoners taken from pirates, and from all parties enquired of, agreed that every person and article thereat were piratical, and had been for some years, also from Mr. Caldwell's previous know-

ledge; and as the mandarin authorities had long since denounced it as such, I desired Commander Brooker to land with his division of boats and with those under Lieutenant Soady, to search well the different lots of houses about the creek, and to burn and destroy everything that he could find; which he most ably executed, having only a few gingall shot fired at his party, which was returned, without any loss on our side, the pirates having 4 or 5 killed. The houses were nothing more than magazines of powder and ammunition, explosion after explosion taking place. Seven more guns were discovered and destroyed, cargoes of Betel-nut and other pirated stores set fire to, as were also two piratical fighting junks with guns removed, 1 cargo junk, and about 40 boats nearly all fast-boats. With the Plover I started in chase of a fast-boat pulling sixteen oars, which we did not get possession of until after all the crew had got ashore. She was well armed and provisioned, mounted a 6-pounder in the stern. Two other piratical fast-boats were likewise discovered and set fire to. The destruction of their favourite stronghold with loss of powder and ammunition will I trust prevent the pirates fitting out any vessels of consequence for piratical purposes for some time.

4th September.—Proceeded by Kypong Islands, Sammoon and Ling-ting, where we now are.

August 29, 1858.

SIR,

I HAVE the honour to acquaint you, that in obedience to your orders, I proceeded with the Plover and Algerine to Samtong Bay, where nothing was met with beyond a few fishing and trading boats, but from whom I gained information of pirates having been there on the previous evening, but had left during the night in the direction of Gunjavar Channel; upon which I considered I should not be departing from my instructions in following them up, which I did, searching the whole of the western shore of Hawcheun Island, without seeing anything suspicious until we arrived at Hawcheun Bluff, when we suddenly opened six piratical junks standing in line towards the shore, which from their appearance as to tonnage and cut of sails, quite agreed with the information we had received at Samtong. As we approached within gun shot, fire was opened immediately on both sides, Lieutenant Arthur in the Algerine taking the right extreme of the line, while the Plover took the left, to prevent their reaching the shore, firing continually on both sides for many minutes, when the men jumped overboard from the junks and made for the shore, a few escaping in their small boats, leaving us in possession of the junks, which were as speedily as possible anchored, guns thrown overboard, and set fire to, in which we were very much assisted by the joining of the Inflexible and Magicienne's boats under Lieutenant Soady, as every assistance was given by Commander Brooker in destroying the junks, which being completed in obedience to instructions from Commander Brooker I proceeded with the Algerine, to examine Namoa Harbour and the channel leading between the Islands of Hawcheun, Wasp, Cricket, and Dipachou, when I rejoined the Magicienne. I

am happy to say that the captures were effected without a single man being wounded on our side, though the fire at times was heavy. As far as I am able to learn, upwards of 80 guns were destroyed.

In conclusion, I beg to bring to your notice the very cordial co-operation I received from Lieutenant Arthur in the Algerine, and the brisk and accurate fire kept up by the gun-boats reflects the highest credit on both men and officers. I further think it my duty to bring to your notice Mr. John Phillips, Second Master of the Plover, who conducted the vessels through most intricate channels in a manner which showed great judgment and ability. The interpreter sent by Mr. Caldwell, Registrar-General, proved of great value in obtaining information and making himself generally useful.

Hoping that our proceedings may meet with your approval,

I have, &c.,

(Signed) ROBERT WYNNIATT,
Lieutenant Commanding.

*Board of Trade, Whitehall,
November 1, 1858.*

The Right Honourable the Lords of the Committee of Privy Council for Trade and Plantations have received information, through the Secretary of State for Foreign Affairs, that with a view to facilitate navigation, the following measures have been adopted by the Russian Government in respect to the transport of merchandize of Russian origin from ports in the Black Sea and the Sea of Azof, to those of the Baltic, and vice versâ (with the exception of the port of Odessa, until it ceases to be a free port) except salt from the Crimea, and walnut wood from the Transcaucasian Provinces, in regard to which articles, special regulations exist.

Those of the articles which are charged with duties, on being exported to foreign countries, can only be transported on presentation at the custom house of exportation, of a guarantee of two well-known Russian merchants (if the exporter should be a member of one of the first two guilds) that, in case the goods should not be delivered at another Russian port, the export duties shall be

paid by the exporter, without objection, unless in case of damage, the said guarantee to be restored, upon the receipt of the goods at the port of importation.

The Export Custom House is required to make known, upon every occasion, the fact of the exportation of goods, to the Custom House at which it is intended to import such goods, stating their nature and quantity. In addition to this the Custom House Seals should be placed upon merchandize chargeable with export or import, duties; and on the exportation of wines or tobacco from the southern to the Baltic ports, two samples are to be taken, one of which, bearing the Custom House Seal, must accompany the merchandize, and the other be retained at the custom house of exportation, and sealed with the seals of the custom house and that of the exporter.

If, on importation, the goods are ascertained to be identical with the samples, and bear the seals unbroken, they will be delivered without obstacle, but in other cases they will be treated as foreign merchandise.

TREASURY WARRANT.

WHEREAS, by an Act of Parliament, passed in the fourth year of the reign of Her present Majesty, intituled "An Act for the regulation of the duties of postage," power is given to the Commissioners of Her Majesty's Treasury, from time to time, by Warrant under their hands, to alter and fix any of the rates of British postage or inland postage payable by law, on the transmission by the post of foreign or colonial letters or newspapers, or of any other printed papers, and to subject the same to rates of postage according to the weight thereof, and a scale of weight to be contained in such Warrant, and from time to time, by Warrant as aforesaid, to alter or repeal any such altered rates, and make and establish any new or other rates in lieu thereof, and from time to time to appoint at what time the rates which may be payable are to be paid.

And whereas further powers are given to the Commissioners of Her Majesty's Treasury, by another Act of Parliament, passed in the eighth year of the reign of Her present Majesty, inti-

tuled "An Act for the better regulation of colonial posts."

And whereas further powers are given to the Commissioners of Her Majesty's Treasury, by another Act of Parliament, passed in the eleventh year of the reign of Her present Majesty, intituled "An Act for giving further facilities for the transmission of letters by post, and for the regulating the duties of postage thereon, and for other purposes relating to the post-office."

And whereas the Commissioners of Her Majesty's Treasury, by a certain Warrant under their hands, bearing date the 11th day of October, 1843, did make certain orders and regulations for the transmission of letters by the post in the British colonies in the West Indies.

And whereas it is expedient that further regulations should be made as to the letters hereinafter mentioned.

Now we, the Commissioners of Her Majesty's Treasury, in exercise of the powers reserved to us, in and by the said hereinbefore-recited Acts, or either of them, and of all other powers enabling us in this behalf, do, by this present Warrant, under the hands of two of us, the said Commissioners, by the authority of the statute, in that case made and provided, order and direct as follows ; that is to say :

1. 2. If any letter sent, or tendered or delivered in order to be sent, by the post, between places in Jamaica, shall be posted in that island without the postage being paid thereon either in money or by postage stamps, or having thereon or affixed thereto a stamp or stamps, the value of which shall be less in amount than the rate of postage to which such letter would be liable by law, every such letter shall be forwarded charged in the first-mentioned case with the full amount of postage to which such letter would be liable by law, together with the further and additional rate of four pence, and charged in the second-mentioned case with the amount of the difference between the value of such stamp or stamps so being thereon or affixed thereto, and the postage to which such letter would be liable as aforesaid, together with the further and additional rate of four pence.

3. The several terms and expressions used in this Warrant shall be construed to have the like meaning in all respects as they would have had if inserted in the said Act passed in the fourth year of the reign of Her present Majesty.

4. The Commissioners for the time being of Her Majesty's Treasury may by Warrant under their hands, duly made at any time hereafter, alter, repeal, or revoke any of the orders, directions, or regulations hereby made, and may make and establish any new or other orders, directions, or regulations in lieu thereof.

5. This Warrant shall come into operation on the first day of February, one thousand eight hundred and fifty-nine.

No. 341 of 1858.

THE Right Honorable the Governor-General is pleased to direct the publication of the following report from Major Peto, Her Majesty's 73rd Foot, of his successful attack upon a body of rebels on the 20th July, 1858, and their dispersion from the vicinity of the Grand Trunk Road.

No. 2.

*Major W. T. Peto, 73rd Regiment, to the Officer
 Commanding Troops.*

*Benares,
 Nowbutpore, July 21, 1858.*

SIR,

I HAVE the honor to inform you, that having proceeded yesterday to the Suspension Bridge over the river Doorghootee, as I informed you in my letter of yesterday was my intention, with force

as per margin,* I then gained information that the rebels (whose numbers were variously stated) had burnt the mail and looted a village some two miles distant, and were at that time, half-past 3 o'clock p.m., cooking their dinners in a garden by the side of the river Doorghootee.

I therefore proceeded towards the village named Derkillee, and previous to arriving, I saw traces of the rebels, in smouldering timber and ashes along the road side, which apparently had been hackeries or carts. On arrival at the village of Derkillee, I found the place had been looted and the Dak horses taken, and obtained information from an old man who had been slightly maltreated, that the rebels were cooking in a garden beside the river, about a mile from the road. I therefore advanced, and after seeing many running away before I came within shot, I detached a party under Captain Godfrey to the front, diverging slightly towards the left flank, myself with the main body proceeding direct through the village, in which we found no one, but saw large bodies of armed men and a few horsemen fleeing on the other side of the river.

Captain Godfrey had commenced firing on the left, where the rebels were posted in a tope of trees, and drove them across the river into a village the other side. I therefore crossed the river with the main body to intercept their retreat, and drove them out of a garden (where we saw their dinners cooking), and through the village, but their flight was so expeditious that I could not get near enough to them to do much damage.

Captain Godfrey reports that there were at least 200 men armed with firelocks, in the part of the village on his side of the river, and at first they seemed inclined to stand, firing at his men

* 2 officers, 80 rank and file, Her Majesty's 73rd Regiment. 20 Sikh Infantry.

from the houses, but on hearing the firing on their flank, and receiving some sharp volleys from his men, they fled, pursued by him through the village, and by my party on emerging from the cover; but I regret to say, from my having to skirt a bend in the river, the distance was too great to permit me to do much execution.

It being now sundown, and the rebels in full retreat in a south-west direction from the main Trunk Road, I ceased the pursuit, and returned to my waggons, which I had left at the village of Derkillee, now some four miles distant, and reached them at about half-past 8 o'clock p.m., when I started again for this place, and reached it about 12 o'clock at night. I am happy to say there were no casualties on my side. The loss on the side of the rebels was 10 killed, and there were probably more slain in the villages. It is impossible to determine the numbers accurately, but I should say there must have been some 150 or 200 men armed with firelocks, and 300 budmashees. The Sikhs captured some six horses, which I believe to be Dak horses.

On the road home some of the men picked up torn shreds of letters and envelopes, which I have in possession.

I have, &c.,

W. T. PETO, Major, 73rd Regiment.

GENERAL ORDERS BY THE GOVERNOR-GENERAL OF INDIA.

No. 342 of 1858.

Allahabad, August 7th, 1858.

Military Department.

THE Right Honorable the Governor-General is pleased to direct the publication of the following despatch from Brigadier Rowcroft, Commanding,

Sarun Field Force, No. 253, dated 27th April, 1858, reporting the operations of that force against the rebels at Belwa, in the Goruckpore district, on the 25th April last, and subsequent skirmishes with them.

No. 4.

Brigadier F. Rowcroft, Commanding Sarun Field Force, to the Secretary, Government of India, in the Military Department.

*Camp, Captaingunge, District of Goruckpore,
April 27th, 1858.*

SIR,

I HAVE the honor to report to you, for the information of the Right Honorable the Governor-General, that several contradictory reports were brought in by spies, on the morning of the 25th instant, regarding the enemy at Belwa. One was that two guns, one of them a horse field-battery gun, had been sent, with about 200 Sepoys and some Irregulars, by the Rajah Dabee Bux, to Gonda, the afternoon before, and that he himself and the rest of the force, with the other field-battery gun and three or four other guns, were to follow the same evening or next morning. Another report came in that there was a large body of the enemy, with several Sowars, out in front of our left, not far from camp. Shortly after, it was reported that the enemy were advancing on us in three columns, but no guns. The enemy had deceived the spies, for in the evening after dark the guns and men sent to Gonda returned to Belwa. I ordered out the force* immediately, being always ready to stand to our arms, and

* All ranks. 2 12-pounder howitzers, 2 mountain train ditto, 155 Naval Brigade, 246 Her Majesty's 13th Light Infantry, 188 Bengal Yeomany Cavalry, 338 Gorucknath Goorkha Regiment, and 45 Bengal Police Battalion.

moved out a little in front of Amorah and our camp, to meet and attack the enemy. Other reports soon came in that the rebels were coming down in force, in three separate columns, considerably separated, on our right, centre and left. This obliged me to divide my already small force into two columns. The left column I detached with Major Cox, Her Majesty's 13th Light Infantry, and Captain Sotheby, R.N., Commanding Naval Brigade, with two guns, 12-pounder howitzers, one a small mountain train gun, taking the other two with me. We moved, separating to the right and left. The left column first came into action with the enemy. The Sowars and body of rebels on our right soon gave way as I advanced with the right column, and I ordered a couple of 24-pounder rockets, under the superintendence of Lieutenant Grant, R.N., to be thrown into a large body of the enemy, in a wood and village, creating great confusion among them, and causing them rapidly to retire. My move to the right, no doubt, also shook, and tended to the retreat before our left column, of the centre of the enemy with their two field battery guns, a 12-pounder howitzer and a 9-pounder, firing our own government shot, shell and shrapnell. I pressed on more completely to drive the enemy back, and the left column moved to their left, after a large body of the enemy with guns. Receiving reports from Major Cox, by orderly troopers and Dr. Kirwan, Her Majesty's 13th Light Infantry, that the enemy were in force on his left, I retraced my move, and proceeded to form a junction with the left column across country for about two miles, and over very bad ground for guns. On reaching the left column I formed up in line on their right, immediately sending forward skirmishers from the 13th Light Infantry and Naval Column. This reinforcement and movement, and Captain Sotheby

advancing with his two guns, and the left column moving forward at the same time, shook the enemy into retreat ; but this was hardly done when I received an urgent report from a villager that the enemy were again advancing on our right by the Belwa road. Bringing them into our then rear, and directly on our camp, I prepared immediately to move back again to the right with the right column, sending out a patrol of cavalry for information, and sending word of this to Major Cox and Captain Sotheby, and that I must leave them to deal with the enemy on the left. I was obliged to return with the loss of a part of the 13th Light Infantry, and my portion of the Naval Column, who had got considerably in advance skirmishing, and at Captain Sotheby's request I left him the rockets. Lieutenant Burlton, with his party of 40 Seikhs, left by Major Cox, in his rear, as a support on the Belwa road, till I should join him, I attached to my column. While moving back across country the cavalry patrol came back, confirming the report of the villager. As soon as I crossed the Belwa road I formed up in order our small thin line, with the two guns in the centre, and had just sufficient time for these gallant troops to rest and refresh a little on the ground, and to get water after the great heat and fatigue, when the enemy moved into and occupied a wood and a village to their left in our front, and very shortly opened fire on our line from their two horse battery guns. The 9-pounder shot and shell at first fell short of our line, the former rolling by or through it. I ordered a few skirmishers of the 13th Light Infantry immediately to occupy a wood to our right front, and the right squadron, under Captain Jenkins, the portion of the Bengal Yeomanry Cavalry then with me, to move from our left by the rear, rapidly round to the right by the wood, and advance and threaten the enemy.

on their left flank, and to press them as close as possible, and to charge whenever it was practicable. The line was immediately advanced, with the Marines and a few more of the 13th Light Infantry and the Seikhs as skirmishers in front, to get the two small howitzers within range. After throwing a few shells, and the rifles of the skirmishers beginning to tell on the enemy, and Captain Jenkins, with the right squadron of the Bengal Yeomanry Cavalry, making a bold, steady and rapid movement, within a few hundred yards of the enemy, they retired, but again halted in position and continued their fire. The enemy opened fire repeatedly on the cavalry, and three horses were wounded by a shrapnell shell; but they had no opportunity for an effective charge. Our advance was continued until we got into the wood and position the enemy had occupied. Before the enemy retired Captain Sotheby had ordered two or three rockets from the left to be thrown into the direction of the enemy at about 2,000 yards, one of them setting fire to the village on the enemy's right. On advancing to attack I felt anxious to be reinforced on account of the weakness of my column; and, not knowing what numbers the enemy might bring up from their rear, and feeling certain the enemy must have completely retired from the left column, as there had been little or no firing since I left it, I availed myself of the Commissioner, Mr. Wingfield's services, who was well mounted, to carry orders to Major Cox and Captain Sotheby to join me without delay, sending forward the left squadron Bengal Yeomanry Cavalry quickly in advance, both my Orderly Troopers' horses being too fagged to move rapidly. In consequence of a nullah with deep water and mud between, us the left column had to move a considerable distance round by the rear to join me, and by the time

they came up the enemy had completely retired towards Belwa. After the troops had rested a little and obtained water, and there being no enemy in sight, we returned to camp, reaching it about 7 P.M.

I am happy to say we had no casualties, but the troops had to encounter great fatigue and great heat during operations, taking up nearly the entire day, and most zealously and cheerfully did the officers and men of all arms go through it; though not without adding, I regret to say, to our sick list. The enemy were reported to be about 4,000 Sepoys and Irregulars, 150 Sowars, and 4 guns. One tumbril, with some ammunition, was captured and brought in the next morning by a detachment of the Bengal Yeomanry Cavalry. The enemy are reported to have lost, killed and wounded, about 60 or 80. The rebels are very quick and expert in carrying off their killed and wounded, especially the latter, from their great dread of falling prisoners.

My best thanks are due to Major Cox, Her Majesty's 13th Light Infantry; Captain Sotheby, R.N., of Her Majesty's ship Pearl; to Major Richardson, Commanding Yeomanry Cavalry; to Captain Barclay, 68th Native Infantry, in military charge of the Gorucknath Regiment; and to my Major of Brigade, Captain Morgan, 22nd Native Infantry, who has so often and constantly attended me in the field, for their zealous services, and to Lieutenant and Adjutant Rowley, Her Majesty's 13th Light Infantry, who was most active and intelligent as my Orderly Officer during the chief part of the day. The zealous, active services of my acting aide-de-camp, the Honourable V. A. Montague, I am sorry I lost on this day, from his being on the sick list. My best thanks are also due to Colonel Byroop Singh Kooer, and to Major-Captain Sewukram Thappa, of the Gorucknath

Regiment, for their zealous exertions with their men, and to all the officers and men of all arms engaged in action during these operations, for their unwearied and cheerful exertions. I was very glad to avail myself of the services of Captain Brooks, 1st Cavalry, though on the sick list, to take charge of our camp, and the few details of troops I could allow for its protection. To Mr. Wingfield, the Commissioner, my best thanks are due, for his kind readiness to afford me every assistance in the field, and also to Deputy-Magistrate Shekh Kairoodeen, present in the field, and ready and active in giving every assistance. I beg to bring all to the most favourable notice of the Governor-General, the Right Honorable Viscount Canning.

I beg to annex reports from Major Cox, Her Majesty's 13th Light Infantry, and from Captain Sotheby, R.N., having reference to the action and operations of this day, for the further information of the Right Honorable the Governor-General.

I have, &c,
F. ROWCROFT, Brigadier,
Commanding Sarun Field Force.

*Captain E. S. Sotheby, Commanding "Pearls"
Naval Brigade, to Brigadier Rowcroft, Com-
manding Field Force, Camp, Amorah.*

SIR, *Camp, Amorah, 26th April, 1858.*

I BEG to acquaint you, after leaving you yesterday, in charge with Major Cox, of the Left Wing and two small howitzers, we soon found the enemy, about 1,000, in position on the road, with two guns, and in the topes and villages on either side. A sharp fire was kept up by both parties; but as we advanced they retired, and pushing for-

ward the skirmishers, they eventually retreated along the road, firing their guns occasionally; in doing so, having pursued them for two miles, and the heat being intense, we slowly retired about the same distance, when information was received that another body, with three guns, were firing on a small body of cavalry thrown out to watch our left flank. We immediately moved towards them, and found, at about two miles off the road, a considerable force with the Rajah of Gonda in some topes and villages. After waiting about twenty minutes to keep up communication with you, I advanced with the howitzers, and after a few shots from the enemy they retired, fourteen dead bodies being discovered in their position. We rapidly advanced on them, when Captain Chapman, with a troop of Bengal Yeomanry Cavalry, moved quickly to the right to threaten their return to Belwa, when they precipitately retreated to the Gogra, and I understand many crossed.

At it was useless pursuing any farther we halted, the men being much fatigued and many struck down by coup-de-soleil. We then retired in order to join your party, when we observed you being in hot action with another body of the enemy, and had an opportunity of throwing a few rockets right into the tope where the enemy was, and which appeared to hasten their retreat.

All the men and officers with the left wing behaved admirably, and though the enemy made very good practice with their guns I am happy to say we met with no casualties; the fatigue from the intense heat was most harassing.

I beg to inform you of the officers on the field, and strength of the Naval Brigade.

Lieutenant Turnour, with two howitzers.

Lieutenant Grant, with the seamen.

Lieutenant Pym, with the marines.

Mr. Stephenson, my aide-de-camp, well forward with me.

No. 6.

Major J. W. Cox, 13th Light Infantry, to Brigadier Rowcroft.

SIR, *Camp, Amorah, 26th April, 1858.*

HAVING, during the engagement which took place yesterday, been entrusted by you with the command of a column, as per margin,* I have the honor to report as follows as to its proceedings.

Seeing that the enemy were posted in force on the Belwa road, I at once advanced in that direction, covered by skirmishers of the 13th Light Infantry and Bengal Police Battalion, with the seamen and guns of the Naval Brigade, supported

* Naval Brigade, 50 men, with 2 12-pounder howitzers, under Captain Sothey, R.N.; Right Squadron Bengal Yeomanry Cavalry, 80 men, under Captain Chapman; Her Majesty's 13th Light Infantry, 80 men, under Captain Van Straubenzee; Bengal Police Battalion, 40 men, under Lieutenant Burfion; Goorkha Regiment, 200 men, in charge of Captain Barclay.

by the Ghoorkhas and the squadron of cavalry on the left flank. We soon came within range of the enemy's guns (9-pounders), and were for a short time exposed to a sharp fire from them, but continued steadily to advance, Captain Sotheby taking every opportunity to bring his howitzers into action. We moved on in this manner for nearly three miles, and drove the enemy clear away from our front.

I then halted for about half an hour when, being informed by the cavalry patrol which I had sent out on our left, that the enemy were forming up in that direction with three guns and 1,500 men, I immediately started off and took up a position opposite them, keeping them occupied with our guns and skirmishers until your arrival, when a simultaneous advance was made; however, as immediately afterwards you found it necessary to return to check the enemy in another direction, I continued to advance with the column under my command until the enemy were completely driven from the field, and a number of them, having their retreat in the direction of Belwa intercepted by Captain Chapman's squadron, were compelled to cross the Gogra.

This operation having been completed, I received orders to rejoin you, which I did with as little delay as possible, considering the very exhausted state of most of the men.

Both advances were made with the utmost steadiness and precision by all the troops under their respective commanders; but I would beg especially to express my obligations to Captain Sotheby, R.N., for his cordial and zealous co-operation with me; it is mainly to be attributed to the skill and promptitude with which the two guns were worked under his immediate direction that we were enabled, without any casualty on our

part, to cause a considerable loss to the enemy, as, from the number of dead bodies we saw on the field, they must have had 50 or 60 killed and wounded in our second advance; they were also obliged to leave a tumbril on the field, which fell into our hands. Lieutenant Leet, 13th Light Infantry, acted as my orderly officer during the day, and was conspicuous for the steadiness and zeal with which he carried and explained my orders to the skirmishers on several occasions under a heavy fire.

I have, &c.,
J. W. COX, Major,
13th Light Infantry.

GENERAL ORDERS BY THE GOVERNOR-
GENERAL OF INDIA.

*Military Department,
Allahabad, August 7, 1858.*

No. 347 of 1858.

THE Right Honorable the Governor General of India has much pleasure in directing the publication of the accompanying letter from Captain T. Dennehy, Commandant Allahabad Division Police Battalion, No. 107, dated 1st August, 1858, and from F. Thompson, Esq., Officiating Magistrate, Allahabad, dated 2nd August, 1858.

They describe an important service admirably performed by a Detachment of the Allahabad Police Battalion, under Captain Dennehy, aided by a small force of Bengal Artillery.

The Governor-General congratulates the officers and men of the Allahabad Police Force, upon the spirit and effect with which their duty was discharged.

Captain Dennehy, Commandant, Allahabad Division, Police Battalion, to C. B. Thornhill, Esq., Officiating Commissioner, 4th Division.

SIR, *Allahabad, August 1, 1858.*

I HAVE the honor to report, that in obedience to the orders received by me on the 27th ult., directing me to proceed up the Ganges with Mr. Thompson, Magistrate and Collector of Allahabad, for the purpose of seizing and destroying any boats that might be in the possession of the rebels on the north side of the river opposite this district, I embarked on the 28th ult., on board the Honorable Company's steamer, Berhampooter, in command of the force detailed in the margin.*

In accordance with the wishes of Mr. Thompson, Magistrate of Allahabad, we steamed up the river to observe the positions of the boats on the Oude side, of which we had already pretty accurate information, and on the morning of the 30th arrived below Manickpore, where we found that the rebels, under Madho Sing, a brother of Bennee Madho, of Shunkerpore, were assembled to the number of 800 or 1,000 men, and had erected a battery to oppose the further progress of the steamer.

As their arrangements appeared to be made principally with a view to the defence of the front, or river face of their position, I determined to land and attack them in rear, while the guns from the steamer shelled them in front.

I landed a little below Manickpore with Lieutenant and Adjutant Shaw, and 90 men of the

* 1 Serjeant and four gunners of the 3rd Company 5th Battalion, Bengal Artillery; 5 Golundazes of the 6th Company, 9th Battalion, Bengal Artillery, with two 12-pounder howitzers; 40 men of Captain Golab Sing's Seikh Police; 110 Seikhs of the Allahabad Military Police.

Allahabad Military Police, and Captain Golab Sing, Attariwallah, and 40 men of his Sikh Police Corps. As we advanced, we found the rebels strongly posted in and below the Fort of Manickpore, and in the villages of Manickpore, Meergurwah and Shahabad, from whence they opened upon us and upon the steamer with round shot and musketry.

We drove them from each of these positions in succession, killing several, as they endeavoured to make a stand at each place, and took possession of their fort, which we had no means of destroying, as it is an old Gurree strongly built of pucca bricks.

They had, however, got their guns away before we got into this place, and on our perceiving a large body of men, many of whom were apparently old sepoys, formed up with two guns in a tope of trees on a rising ground about half a mile to the north-west, I again advanced to attack them, and, thanks to the steadiness and gallantry of the officers and men who were with me, notwithstanding that their guns opened upon us at 200 yards, we again drove them out of this position, and followed their guns up to within two miles of Kalleekunker; but my men were then too much exhausted to run any distance, and we could not overtake them, although we got close to them several times; they were drawn by horses, and were pressed on with all speed.

During all this time, nothing could be better than the practice from the two 12-pounder howitzers which had remained on board the Berham-pooter with Mr. Thompson; they were served by Serjeant J. Carroll and four gunners of the 3rd Company 5th Battalion Bengal Artillery, and continued throwing shell and shrapnell, mostly at ranges of 500 and 600 yards, among the rebels in our front, as Captain Dixon, the Commander of

the steamer, brought his vessel steadily up the river by the battery on the bank, until within sight of the Fort of Kalleekunker ; and now having accomplished the object for which we landed, and finding that a large force was coming down from the direction of Kalleekunker, I returned on board, and we proceeded down the river again to Kurra.

I cannot give an accurate estimate of the loss which the enemy may have sustained in killed and wounded, as although I personally can only speak with certainty to twenty men on their side having been killed, I should say that their real loss, from our fire and that of the steamer, was very much greater. Native spies who have since been at Manickpore, report 150 killed and wounded.

We had altogether seven men wounded, of whom two very severely.

Captain Golab Sing was in the front the whole time with his men, and behaved with gallantry and courage ; many of his men are old soldiers. But I would wish particularly to bring to your notice, the conduct of the men of the new Seikh levies of his division, who were during the first advance kept in the rear as a reserve, until finding the second village we attacked (Meergurwah) rather obstinately defended, I ordered them up to the front ; they were led by Lieutenant Shaw, under the fire from this village for more than eighty yards before they were allowed to cap ; nor did they show any disposition to waver, although two of their number were shot down, but delivered their fire by word of command as steadily as if on parade, and took the village with a rush.

On our return downwards towards Allahabad, we landed and destroyed, or took away boats at the following places :—

At Gutnee we destroyed one boat and took away two more.

At Karaytee, we took away three boats.

At Sumejpore, we expected to be opposed, as the boats at that place were close under the Gurree which is held by Chutterpal Sing, with about 600 men and three small guns. On our landing, however, he evacuated the fort and retired, allowing us to burn, without opposition, the seven boats we found there.

At Jehanabad, we burnt eight boats; and about two miles below Jehanabad, another boat was destroyed, making altogether twenty-two boats taken away or destroyed during the expedition.

We returned to Allahabad this morning, the 1st August, 1858.

I have, &c.,
T. DENNEHY, Captain,
Comdt., Allahabad Division,
Military Police.

No. 9.

F. Thompson, Esq., Officiating Magistrate of Allahabad, to C. B. Thornhill, Esq., Officiating Commissioner, Allahabad Division.

SIR, Allahabad, August 2, 1858.

I HAVE the honor to report, for the information of the Right Honorable the Governor General, that the expedition sent under my charge, for the seizure of the boats on the Oude side of the River Ganges, returned yesterday morning, having taken and burnt the boats noted in the margin.*

The expedition met with no opposition till its arrival at Manickpore, four miles on the east or this side of Kalleekunker. Here we found two

* 5 brought away; 4 destroyed; 13 burnt. Total, 22.

guns with some 800 men posted in the villages surrounding the Fort ready to oppose us. Captain Dennehy, in command of the Police Battalion, will give you an account of the dislodgement of rebels from the various posts, and of the successful issue of the fight.

I was enabled, while Captain Dennehy was occupying the rebels on shore, to examine the river, but could find no boats. Two had been reported to me as being near the Fort, but these must have been removed up to Kalleekunker, or sunk in deep water, as no trace could be found of them.

The Fort of Manickpore is situated on a mound some 300 feet high and rising abruptly from the river, and is surrounded by houses, with broken ground on the north or land side. The work, therefore, to be performed by Captain Dennehy's small force was no light one. The rebels, with 600 matchlockmen, 200 regular sepoys, and two guns, disputed every inch of ground, and it was not till they found their guns were on the point of being captured, that they eventually retreated across the open country. The fight had, however, lasted for two hours and a half, and Captain Dennehy's small force was too much fatigued (even if it had been advisable) to follow up the fugitives.

I have mentioned these few facts of the nature of the engagement, in hopes that you will prominently bring forward to the notice of the Right Honorable the Governor-General, the cool and steady conduct of this newly raised corps.

In conclusion, I beg to testify to the willingness and alacrity with which Captain Dixon, in command of the steamer, and the rest of his crew assisted us on every occasion.

I have, &c.,

F. THOMPSON, Officiating Magistrate.

GENERAL ORDERS BY THE GOVERNOR-
GENERAL OF INDIA.

No. 348 of 1858.

Allahabad, August 7, 1858.

THE Right Honourable the Governor-General is pleased to direct the publication of the following letter, dated 20th July, 1858, from Brigadier Douglas, C.B., commanding the disturbed districts of Behar and Ghazepore, reporting his operations against the rebels in the Ghazepore district, from the 16th to the 19th July, 1858.

No. 11.

Brigadier John Douglas, to the Acting Adjutant-General, Her Majesty's Forces in India.

SIR, *Steamer Patna, July 20, 1858.*

I HAVE the honor to state, for the information of his Excellency the Commander-in-Chief, that hearing at Dinapore, on the 13th instant, that the post at Beyriah, of 100 Seikh infantry, and 20 Seikh cavalry, was besieged by a force of about 1,000 men, 250 of whom were supposed to be sepoys, I proceeded there on the morning of the 14th, with 200 men, Her Majesty's 10th Foot, and accompanied by Major Sir H. Havelock, and Captain Stevenson; the force had no tents, no baggage of any description. On arriving at Sheopore Ghaut, six miles from Beyriah, I was met by Lieutenant Jennings, 3rd Seikh Cavalry, commanding the post, and Mr. Probyn, joint magistrate of Ghazepore, who informed me that the enemy, after attacking them for two days, had retired to Bulliah, having lost about 20 sepoys. Not wishing to give the men an unnecessary march, I left them at Sheopore, and went up to Beyriah

with my staff to inspect it. The house chosen for the troops stands in a large enclosure, with a deep tank on one side, a high wall on another side, a nullah on a third side, and on the fourth small houses. I cannot give too much credit to Lieutenant Jennings and Mr. Probyn, who received great assistance from Mr. Dunne, an indigo planter, for the excellent dispositions for defence made, all the walls loop-holed, breast-works and barricades thrown up, and flanking fire obtained; they had also stored plenty of provisions. At 3 P.M., I marched for Bulliah, and arrived there on the morning of the 16th; the enemy had retired, and were in a tank a few miles off. On being attacked, Captain McMullin, Seikh Police Battalion, commanding the post, had sent express off for reinforcements, and the number of cavalry and infantry sent, principally from Buxar, was unnecessarily large. This party consists of 200 Seikh infantry and 30 Seikh cavalry; the men are at present in a building in an enclosure which has been loop-holed; regular barracks for 300 men will be ready in about a month. Finding so large a number of troops, I at once sent off a force, under command of Major Rolleston, 84th Regiment, consisting of 24 men, 84th, on elephants, 72 men Madras Cavalry, and 3rd Seikh Cavalry under Lieutenant Baker, Police Battalion, and 392 men of the Police Battalion, under Captain McMullin. In about four hours they came up with the enemy and exchanged some shots, but, night coming on, they lost the track. On the morning of the 17th, I proceeded with 20 men, 84th, on elephants, 60 men, 3rd Seikh Cavalry, and 30 men, Military Train, in the same direction as the other force. We came up with Major Rolleston's party about ten o'clock (they not having been able to discover the enemy's track), and all proceeded together. The villagers baffled us in every way as to infor-

mation, and it was not till the afternoon that Sir Henry Havelock discovered their true track. I sent him on with the native cavalry to endeavour to come up with the enemy, and intercept them, if possible, till the infantry could arrive. Sir Henry Havelock came up with them about 6 P.M.; they were marching in regular order in column of companies, about 200 strong, the villagers having all left them. He kept as close to their flank as he could, but lost them in the dark. I followed with the Military Train; and the infantry and elephants came on as well as they could, but were totally unable to keep up. The day had been extremely hot, and the march could not have been less than forty miles. It was 8 P.M. when I halted at Munuhar on the Gogra. On the morning of the 18th, Sir Henry Havelock again picked up the track, but so fast had the sepoys marched, that he was ten miles behind them, and his horses were completely beat. On reaching the village of Phursata, in the Azimghur district, he sent back to me for orders, and on my telling him that I could give him no assistance whatever with infantry, he gave up the pursuit. The enemy were at this time making the best of their way through the Azimghur district into Oudh. On the 19th, the force returned to Bulliah, and proceeded to their different stations. I consider great credit is due to Sir Henry Havelock for the untiring zeal and ability he displayed in this pursuit, and none but one so conversant with the language could possibly have tracked out the enemy as he did. I beg to forward Captain McMullins report from Bulliah. Lieutenant Jennings' report from Beyriah has been sent to Arrah and will be forwarded. Nominal and numerical casualty returns will be sent in as soon as received.

I have, &c.,

JOHN DOUGLAS, Brigadier.

SIR, *Camp, Bulliah, July 16, 1858.*

I HAVE the honor to report, that yesterday, the rebels came down in force, and advanced to within a quarter of a mile of my post, and surrounded it at half-past 6 A.M. On this, I ordered out the cavalry, 30 in number, and 80 men of the detachment under Lieutenant Costley, who advanced very steadily, the enemy doing the same, and when within range, the lieutenant fired a volley into them. On this the firing became general, and the enemy during this time gradually closed round their right into a village close to an entrenchment I had thrown up the previous day. Seeing this, I ordered the village to be fired, and the enemy not finding it tenable, the whole gradually retired at half-past 8 A.M., and took up a strong position on a tank about a mile from my post, where they remained all day; the firing was kept up the whole day between the advanced picquets I had thrown out and the enemy.

I am happy to say that all ranks behaved remarkably well, and only one sepoy was wounded; it is impossible for me to say what number of the enemy were killed and wounded, but several were seen to drop on the right and centre.

Number of the enemy, as far as I could ascertain, 400 sepoys and about 500 men armed with matchlocks and swords.

The enemy hearing of a force advancing to my relief retired during the night.

**GENERAL ORDER BY THE GOVERNOR-
GENERAL OF INDIA.***Military Department.**Allahabad, August 12, 1858.*

No. 354 of 1858.

THE Right Honorable the Governor-General is pleased to direct the publication of the following despatch from Brigadier Rowcroft, commanding Sarun Field Force, transmitting a report from Captain Garrard, 27th Madras Native Infantry, of a successful attack made by the detachment under his command on a body of rebels at Debreheah in the Goruckpore District, on the 23rd July last.

No. 16.

Brigadier F. Rowcroft, commanding Sarun Field Force, to the Adjutant-General of the Army.

Camp Bustee, District of Goruckpore,

SIR,

July 26, 1858.

I HAVE the honor to transmit to you, for submission to his Excellency the Commander-in-Chief, the accompanying copy of a report, dated Camp Debreheah, 23rd July, 1858, from Captain Garrard 27th Regiment Madras Native Infantry, of a very successful attack made by a detachment* under his command, on a body of rebels under their leader Bisram, at Debreheah, on the morning of the 23rd instant.

2. I had received information that the rebels, between 300 and 400 strong, had collected at Debreheah, and sent out orders and careful instructions to Captain Garrard, to unite the 2 detachments from Amorha and Hurryah, and make a night march to Debreheah, about 12 miles from Hurryah, and attack and disperse this body of rebels, and destroy a large loop-holed house and enclosure in the village.

3. Unfortunately, the leader Bisram had gone with some of his followers, on the night of the 22nd instant, on a plundering expedition, and had not returned when our troops attacked at early morning, and so escaped all chance of being captured or destroyed.

4. Captain Garrard carried out very zealously and ably this successful attack, in which the rebels were completely defeated and dispersed, with the loss, since well ascertained, of upwards of 50 killed and several wounded; and 10 prisoners, 1 since dead of wounds, and 1 zumbooruk, 4 muskets, some 50 matchlocks, and as many swords were taken.

* 6th Madras Cavalry, 72; 27th Madras Native Infantry, 80; Sikh Military Police, 32.

5. The whole detachment is reported to have behaved remarkably well, and Lieutenant Freese, commanding the 3rd and 4th Troops, 6th Madras Cavalry, particularly distinguished himself in charging the rebels, cutting down 2 with his own hand, but not, I regret to say, without being badly wounded by a sword cut. Trumpeter John Dore, Troopers Mahomed Ali and Mahomed Akbar, and farrier Betreen, are noted for their brave and forward conduct in the action. The enemy were driven out of 3 villages by the infantry in succession, and then charged by the cavalry.

6. I have thanked Captain Garrard, and the officers and men, in field force orders, and I beg to recommend all engaged to the favorable notice of his Excellency Sir Colin Campbell.

7. I beg to solicit of the Commander-in-Chief, that some mark of favor and reward may be shown the two troopers Mahomed Ali and Mahomed Akbar, and also to trumpeter John Dore, and farrier Betreen, of the 6th Madras Light Cavalry, to such extent as his Excellency may deem proper.

I have, &c.

F. ROWCROFT, Brigadier,
Commanding Sarun Field Force.

SIR, *Camp Debreheah, July 23, 1858.*

I HAVE the honor to report, for the information of the officer commanding the Sarun Field Force, the total defeat and dispersion of the rebels collected in the fortified house and compound of Bisram Sing of Debreheah. The place attacked somewhat resembles a Serai; it is about 150 yards

long by 100 broad, with one large and a few smaller houses inside. The rooms running round the inclosure are covered with a high tiled roof, and outside runs a trench so as to give a slight flanking defence. The walls of the houses and parts of the outer wall are loop-holed. I arrived early this morning before daylight, with the force noted in the margin,* within 3 miles of this entrenchment, when hearing that 100 of the rebels were encamped in a tope a short distance outside, I detached Lieutenant Freese, with the 4th troop of Cavalry to the left, and Subadar Ameenooddeen, with the 3rd troop to the right, with orders to make a circuit, and take up position from which they might be able to cut off the enemy's retreat when expelled from the tope by the infantry. The infantry were still a mile from the entrenchment, when I heard heavy firing; the enemy had retired from the tope on the approach of Lieutenant Freese's party, and taking up a position just in front of their entrenchment, were firing at and abusing the troopers. That officer placed his men under shelter until I brought up the infantry. I immediately occupied the tope they had vacated; the fire between my skirmishers and the rebels (who now lined their advanced trench) was brisk, but the distance was too great for effect. I next pushed on to a small village directly fronting and about 200 yards from the main gate. For a few minutes the fire was well kept up, until the enemy, unable to support it, suddenly withdrew; whilst I was arranging for a closer attack, the enemy unexpectedly appeared in the open, retreating in a compact and orderly body across a morass towards a small village. They numbered about 120 or

130, and whilst I pursued with the infantry, Lieutenant Freese charged down with his troop, and succeeded in cutting up 5 or 6 before they could enter the houses. Out of these they were driven by the infantry, and were then charged a second time by Lieutenant Freese. Those who escaped succeeded in reaching a second village, from which the infantry a second time expelled them. For a third time the same scene was acted, and the affair might be called over; upwards of 40 killed, and 9 prisoners were the result. One zumbooruk, two or three muskets, with many matchlocks and swords have been taken, and the entrenched buildings burnt and partially levelled. I cannot speak too highly of the behaviour of both cavalry and infantry; (the Burkundazes were not employed further than a baggage guard.) Lieutenant Freese always led his men with the greatest gallantry, and on one occasion, I saw him, supported only by one man (trooper Mahomed Ali,) charge a body ten times his number, cutting down two of them with his own hand. This officer, who I regret to say, is severely wounded, speaks very highly of the conduct of trumpeter John Dore, in leading a charge down the steep bank of a difficult nullah into the very ranks of the enemy, who were about to make a stand, imagining no cavalry could reach them. The farrier Betreen with troopers Mahomed Akbar and Mahomed Ali were foremost in this, as in every encounter. Lieutenant Shaw, attached to the infantry part of the force, rendered me every assistance, and I have already mentioned the gallantry of all ranks under him, most of them just off an 18-mile march.

Commanding Detachment Amorha Outpost.

No. 368 of 1858.

THE Right Honorable the Governor-General is pleased to direct the publication of the following letter from Brigadier Barker, C.B., commanding at Lucknow, forwarding a report from Colonel Eveleigh, C.B., Her Majesty's 20th Foot, commanding at Nawabgunge, of the result of an expedition with a portion of his force against the rebels at Mohan, on the 4th instant.

No. 20.

*Brigadier Geo. R. Barker, Commanding, to the
Chief of the Staff, Allahabad.*SIR, *Lucknow, August 6, 1858.*

I HAVE the honor to forward for the information of his Excellency the Commander-in-

Chief, a letter from Colonel Evelegh, C.B., commanding at Nawabgunge, reporting the result of an expedition with a portion of his force, against the rebels at Mohan. Colonel Evelegh having asked permission to keep a small force in constant readiness to act against the enemy in the event of their approaching his position, and if opportunity offered, to attack their outposts, making use of elephants for the conveyance of the infantry, I had, with the sanction of Major-General Sir J. Grant, approved of his acting as he suggested, confining his expeditions, however, within such limits as would enable him to return to camp the same day.

I have also to report that the Chief Commissioner has now sent a police force, consisting of one regiment of infantry 900 strong, and one regiment of cavalry 500 strong, to occupy Mohan.

The column under Colonel Maxwell returned to quarters, from Hydergunge, on the 5th instant.

*Camp, Nawabgunge,
 August 5, 1858.*

SIR,

I HAVE the honor to state, for the information of the Brigadier commanding the troops at Lucknow, that at one o'clock on the morning of the 4th instant, I started from the camp with the troops named in the margin* for Mohan, distant

* 4 Guns Bengal Horse Artillery, 300 1st Seikh Cavalry, 180 Her Majesty's 20th Regiment on elephants,

about 11 miles, where I had information, there were supposed to be from 700 to 800 of the enemy's forces. I was delayed on my march in consequence of the country in parts being under water and the roads bad, and arrived therefore at Mohan an hour after daybreak, instead of one before, which was my intention.

On my arrival I found that the enemy had not a single man in the place, and the houses were all shut up, though the occupants remained ; it was ascertained, however, that the enemy had some 400 or 500 troops in the neighbourhood.

At about 7 A.M. I recrossed the river Sye, and placed the troops under topes adjoining the bridge, for the purpose of resting and cooking breakfast.

During the time that this was going on, and until about 10-30 A.M., the vidette sent in frequent reports, stating that, on my right flank, the enemy was appearing in considerable number, cavalry and infantry, in a tope about half a mile off, and that some of his sowars were also in a tope to my front, and were approaching slowly.

After the artillery horses were fed, and the troops had breakfasted, I sent one company of Her Majesty's 20th Regiment, extended amongst the trees to my right, and I myself started to my left with 2 guns and 200 sowars.

The enemy's sowars, on seeing the small force on the right, began to move quietly away, and as the ground was rough, I directed the guns to open, which they did at 1,000 yards, when the enemy's sowars galloped off.

I then followed up for about half a mile, and had again three distant shots at them, when both sowars and infantry retired as fast as possible.

In the meantime the company of Her Majesty's 20th Regiment had driven the enemy from my right flank.

From the extreme heat of the night, both troops and horses were very much fatigued, and immediately after the enemy had been driven off, a heavy shower of rain fell, when I decided on returning to camp at once, in case the roads should become impassable from its continuance.

I arrived in camp with my force about 3 o'clock P.M.

One man of the enemy was killed by a rifle shot at great range. One horse had both his legs broken by shrapnell, and myself saw two of their horses running away without riders.

I did not see certainly more than about 150 sowars and 100 infantry of the enemy's forces; but there were a number of thick topes, and it is difficult to say therefore what force there was.

I have, &c.

Commanding at Nawabgunge.

I HAVE the honor, by desire of the Commander-in-Chief, to forward for the information of the Right Honorable the Governor-General, copy of a report, dated the 9th instant, from Colonel F. C. Eveleigh, C.B., of Her Majesty's 20th Regiment, commanding at Nawabgunge, of an affair with insurgents in the neighbourhood of Mohan, on the previous day, which his Excellency considers to have been very well managed.

No. 24.

Colonel F. C. Eveleigh, C.B., commanding at Nawabgunge, to the Officiating Deputy-Assistant Adjutant-General.

SIR, *Nawabgunge, August 9, 1858.*

I HAVE the honor to report, for the information of the Brigadier commanding at Lucknow, that yesterday morning at 5 o'clock, I received a letter from Mr. Carnegy, Deputy Commissioner at Mohan, stating that the enemy in force had attacked the police battalion stationed there, on the previous evening (7th instant), crossed the bridge, and driven in the police picquets, and as he expected to be again attacked the following morning, he requested me to come to his aid.

I accordingly started from Nawabgunge with the troops named in the margin,* at 6 A.M.

* 300 1st Seikh Cavalry; 2 guns Bengal Horse Artillery; 25 gunners mounted, to support the guns; 12 rank and file H. M.'s 20th Regiment, mounted on limbers.

yesterday morning, the 8th instant, and on my arriving at a village three miles this side of Mohan, I turned to the left towards the village Hussengunj, as I conceived that, should the enemy in the topes about Mohan obtain intelligence of my approach, he would in all probability retire in the direction of that village, which is on the direct road to Rusoolabad, and where he has generally a force from six to seven hundred men.

On crossing the open maidan towards Hussengunj, and when about a mile from it, I perceived the enemy's sowars and infantry rapidly retreating from the village, apparently towards Rusoolabad.

I immediately pursued at a gallop for about a mile and a half, but finding that the guns could not approach near enough to open fire, I halted them, and sent on two squadrons of the Irregular Cavalry, under Lieutenant Godby, who followed the enemy in pursuit for about five miles.

The result was most satisfactory, for between 40 and 45 men of the enemy were killed, his only gun, a brass 3-pounder, captured, together with one elephant and two camels.

After a short rest, I proceeded through Hussengunj to Mohan, about three miles off, and met the Deputy Commissioner coming out with the police force.

I remained at Mohan, under a tope for some hours to refresh the troops, and finally arrived at camp at 5.30 P.M.

The enemy's forces did not appear to be more than about 150 sowars and 200 infantry, but I am inclined to think, from information afterwards received at Mohan, that numbers were lurking about in the neighbouring topes, which are thick and numerous.

The brass gun I left at Mohan, and it was placed in an excellent position to command the bridge.

I beg to express my thanks to Lieutenant Godby, for the able manner in which he handled his Irregular Cavalry.

I inclose a return of the casualties of the force.

* No. 393 of 1858.

THE Right Honourable the Governor-General is pleased to direct the publication in the Gazette, of the subjoined report from Captain Dennehy, Commanding Allahabad Division Military Police, of his operations against a body of rebels in Pergunnah Bara on the 27th ultimo.

The Governor-General highly commends the gallantry evinced by Captain Dennehy, his officers and men of the Allahabad Military Police, in this successful affair :—

No. 27.

Captain Dennehy to E. C. Bayley, Esq., Officiating Commissioner, Allahabad.

Camp Ghadamow, August 28, 1858.

SIR,

I HAVE the honour to report, that on the night of the 26th instant, I marched with the force detailed in the margin,† from Bara to Ghadamow, a village in the Pergunnah of Bara, about nine miles to the south-west, to which the rebel force, under Punjaub Sing, which had been plundering a number of villages all round the tehseel of Bara, had retreated on my arrival at that place.

On coming close to Ghadamow, shortly after day-light on the 27th, I found that the rebels, to

* Described in letter as 383*.

† Allahabad Military Police.—Cavalry; 6 native officers, 12 duffadars, 7 naib duffadars, 1 trumpeter, 155 troopers. Infantry; 3 native officers, 12 havildars, 1 bugler, 163 rank and file.

the number of 1000 or 1200 matchlockmen, a few old Sepoys, and 90 or 100 cavalry, had taken up their position in the village itself, and in some topes of trees in its immediate neighbourhood.

I directed Lieutenant and Adjutant Shaw to advance straight on the village with the infantry, throwing out one-half his men as skirmishers, and keeping the remainder as a support, while I kept with the cavalry towards the more open country to the left, where a large body of the rebels were posted in some thinly planted topes of trees. Lieutenant Shaw was to dislodge the enemy from the village, and if possible, drive them towards the open country. And this he did with great gallantry; advancing at the double as the rebels opened fire upon him, he succeeded in driving them before him through the village, and a large tope behind, killing seven and wounding several more.

In the mean time, the rebels in my front had, as I advanced, retreated from the trees which had hitherto sheltered them; and now having the whole of them fairly in the open, I gave the cavalry orders to charge.

We cut our way completely through the rebels, and dispersed them in every direction, following them up for more than four miles; and on our return we saw lying about in the fields more than one hundred dead bodies; among which that of Sirdar Punjaub Sing, the leader of the rebels, is said to be recognised. Altogether their loss must have been very considerable. The whole of the baggage, and the baggage camels which they had with them, fell into our hands, as also a large number of cattle, most probably plundered from the villagers of this Pergunnah, many of whom are coming in to recognise their property.

The loss on our side was one trooper killed;

two native officers of cavalry, five troopers, and fourteen horses wounded.

I would earnestly beg you to bring particularly to the notice of the Right Honourable the Governor General, the conduct and gallantry of the native officers and men of the 9th, 17th, and Seikh troops of the Allahabad Military Police, who were with me on this occasion, the first on which they have been engaged with the enemy in the field.

I have the honour to forward the depositions of some of the men, who swear to recognising the body of Punjaub Sing, as also a number of papers found in his baggage.

I have, &c.,

E. DENNEHY, Captain, Commanding
Allahabad Division, Military Police.

PRESENT,

The QUEEN's Most Excellent Majesty in Council.

Whereas by an Act, passed in the session of Parliament, held in the eighteenth and nineteenth years of Her Majesty's reign, intituled "An Act further to amend the laws concerning the burial of the dead in "England"

it is, amongst other things, enacted that it shall be lawful for Her Majesty, by and with the advice of Her Privy Council, from time to time, to postpone the time appointed by any Order in Council for the discontinuance of burials, or otherwise to vary any Order in Council made under any of the Acts recited in the said Act, or under the said Act (whether the time thereby appointed for the discontinuance of burials thereunder, or other operation of such Order, shall or shall not have arrived), as to Her Majesty, with such advice as aforesaid, may seem fit ;

And whereas by an Order in Council of the twenty-first day of November, one thousand eight hundred and fifty-five, burials were directed to be discontinued in St. Mark's Churchyard, in the parish of *Lyncombe and Widcombe*, BATH, except so far as was compatible with the observance of the Regulations for New Burial-grounds, and it seems fit that the said order be varied ; now, therefore, Her Majesty, by and with the advice of Her Privy Council, is pleased to order, and it is hereby ordered, that interment in the said churchyard be discontinued, except in graves and vaults used exclusively for the burial of members of the same family, with respect to which the Regulations for New Burial-grounds shall be observed, on the thirty-first day of December, one thousand eight hundred and fifty-nine, and that, in the meantime, one body only be buried in any grave, which shall not be less than five feet deep, nor opened unless that can be done without exposure of any coffin or remains.

And whereas by an Order in Council of the eighth of June, one thousand eight hundred and fifty-four, burials were directed to be wholly discontinued from and after the first of March, one thousand eight hundred and fifty-six, in Emmanuel

Churchyard, BOLTON, in the county of Lancaster, and it seems fit that the said order be varied ; now, therefore, Her Majesty, by and with the advice aforesaid, is pleased to order, and it is hereby ordered, that burials be henceforth discontinued in the said churchyard, except so far as is compatible with the following regulations, viz. : one body only to be buried in each grave ; no grave to be made less than five feet deep ; and no grave previously buried in to be re-opened.

And whereas by an Order in Council of the eighteenth of October, one thousand eight hundred and fifty-four, burials were directed to be discontinued in the Independent Chapel Burial-ground, COGGESHALL, Essex, and such Order was varied, in so far as respects the said burial-ground, by an Order in Council of the twenty-eighth of July, one thousand eight hundred and fifty-six, and it seems fit that the said first-mentioned Order be again varied ; now, therefore, Her Majesty, by and with the advice aforesaid, is pleased to order, and it is hereby ordered, that the use of brick-vaults, in the said burial-ground, be permitted upon the same conditions as those which were applied to certain family-vaults in that ground by the aforesaid Order of the said twenty-eighth of July.

And whereas by an Order in Council of the thirty-first of March, one thousand eight hundred and fifty-five, burials were directed to be discontinued in the burial-ground of the Independent Chapel, LYMINGTON, and such Order was varied by an Order of the thirty-first of July last, and it seems fit that such Order be again varied ; now, therefore, Her Majesty, by and with the advice aforesaid, is pleased to order, and it is hereby ordered, that burials be permitted in those portions of the said burial-ground which have never

yet been used and are three yards from the chapel and day-school ; that, with the exception of family graves and vaults, only one body be buried in a grave ; and that, with the same exception, no grave be re-opened.

And whereas by an Order in Council of the eleventh of August, one thousand eight hundred and fifty-four, burials were directed to be discontinued from and after the first of January then next, in the churchyard of MILTON-NEXT-GRAVESEND, which Order was varied by an Order of the twenty-eighth of July, one thousand eight hundred and fifty-six, and it seems fit that the said Order be again varied ; now, therefore, Her Majesty, by and with the advice aforesaid, is pleased to order, and it is hereby ordered, that burials be permitted to take place in now-existing family earthen-graves in the said churchyard, provided that, when required, the graves be opened without disturbing human remains ; that each coffin be imbedded in a layer of powdered charcoal four inches thick ; that no body be buried within four feet of the surface ; and that the only bodies interred be those of the husbands, wives, parents, unmarried children, and brothers and sisters of persons already buried therein.

And whereas by an Order in Council of the twenty-ninth of March, one thousand eight hundred and fifty-four, burials were directed to be discontinued in the burial-grounds of the English Baptist Chapel and Mount Zion Chapel, NEWPORT, in the county of Monmouth, except for members of the families of those already buried therein, and it seems fit that the said Order be varied ; now therefore Her Majesty, by and with the advice aforesaid, is pleased to order, and it is hereby ordered, in lieu thereof, that burials be henceforth discontinued in the said two burial-

grounds, except for members of the families of those already buried therein respectively ; that no grave be less than five feet deep, nor opened unless free from water and remains to that depth.

And whereas by an Order in Council of the third of February, one thousand eight hundred and fifty-eight, burials were directed to be discontinued (with certain exceptions) in the parish churchyard of OAKHAM, and it seems fit that the said Order be varied ; now therefore Her Majesty, by and with the advice aforesaid, is pleased to order, and it is hereby ordered, in lieu thereof, that, with the exception of family vaults and graves, which can be opened without the disturbance of human remains, burials be discontinued in the said parish churchyard ; and from and after the first day of January, one thousand eight hundred and sixty-one, with the exception of family vaults and brick graves, which were in existence on the third of February, eight hundred and fifty-eight, in the whole of the said churchyard.

And whereas by an Order in Council of the second of September last (varying a former order) it was ordered that interment in the churchyard of St. Edmund, SALISBURY, be discontinued, except for the burial of certain persons therein mentioned in then existing catacombs, vaults, and walled graves, and it seems fit that the said Order be varied ; now therefore Her Majesty, by and with the advice aforesaid, is pleased to order, and it is hereby ordered, that the word "unmarried" before the word "children," in the seventh line from the end of the last paragraph of the said Order be omitted.

And whereas by an Order in Council of the thirty-first of July, one thousand eight hundred and fifty-eight, burials were directed to be discontinued from and after the first of May, one

thousand eight hundred and fifty-nine, in the churchyard of GREAT WARLEY, Essex, and it seems fit that the said Order be varied; now therefore Her Majesty, by and with the advice aforesaid, is pleased to order, and it is hereby ordered, that the use of the vaults of the Reverend Doctor Robinson, the Reverend Doctor English, and of the family of the late General Bonham, in the said churchyard, be permitted on the following conditions, viz., that they are free from water; that, when required, they be opened without disturbing soil that has been already buried in; and that each coffin be separately entombed in brick or stone work properly cemented.

Wm. L. Bathurst.

TREASURY WARRANT.

WHEREAS by an Act of Parliament, passed in the fourth year of the reign of Her present Majesty, intituled "An Act for the regulation of the duties of postage," power is given to the Commissioners of Her Majesty's Treasury, from time to time, by Warrant under their hands, to alter and fix any of the rates of British postage or inland postage, payable by law, on the transmission by the post of foreign or colonial letters or newspapers, or of any other printed papers, and to subject the same to rates of postage according to the weight thereof, and a scale of weight to be contained in such Warrant, and from time to time, by Warrant as aforesaid, to alter or repeal any such altered rates, and make and establish any new or other rates in lieu thereof, and from time to time, by Warrant as aforesaid, to appoint at what time the rates which may be payable are to be paid.

And whereas by another Act of Parliament, passed in the eleventh year of the reign of Her

present Majesty, intituled "An Act for giving further facilities for the transmission of letters by post, and for the regulating the duties of postage thereon, and for other purposes relating to the Post-office," further powers are given to the Commissioners of Her Majesty's Treasury, and power is also given to the Postmaster-General (amongst other things) to collect and receive the foreign and colonial postage charged or chargeable on any letters sent by the post, and also, with the consent of the Commissioners of Her Majesty's Treasury, to require the postage, British, colonial, or foreign, of any letters sent by the post, to be prepaid, either in money or in stamps, as he might think fit, on the same being put into the Post-office; and also, with such consent, to abolish or restrict the prepayment in money of postage on letters sent by the post either altogether or on certain letters, and to require the prepayment thereof to be in stamps; and also to refuse to receive or send by the post any letters tendered contrary to any regulations thereby made; and power is also given to the Postmaster-General and any officer of the Post-office to detain any letters which should be posted or sent by the post contrary to the regulations therein mentioned, and to open such letters, and either to return them to the senders thereof, or to forward them to the places of their destination, charged in either case with such rates of postage as the Postmaster-General, with the consent of the Commissioners of Her Majesty's Treasury, should from time to time direct.

And whereas the Commissioners of Her Majesty's Treasury have by divers Warrants, under their hands, fixed, made and established certain rates of British postage, payable on the transmission by the post of certain colonial letters therein respectively mentioned,

And whereas the Commissioners of Her Majesty's Treasury, by a certain other Warrant, under their hands, bearing date the 15th day of January, 1858, did make regulations for the prepayment of the several rates of postage payable on letters posted in the United Kingdom, addressed to any of the colonies therein mentioned, and on letters posted in any of such colonies addressed to the United Kingdom.

And whereas it is expedient to extend the provisions of the said last mentioned Warrant to letters posted in the United Kingdom, addressed to Ceylon, and to letters posted in Ceylon, addressed to the United Kingdom.

Now we, the Commissioners of Her Majesty's Treasury, in exercise of the powers reserved to us in and by the said hereinbefore recited Acts, or either of them, and of all other powers enabling us in this behalf, do, by this present Warrant, under the hands of two of us the said Commissioners by the authority of the statute in that case made and provided, order and direct as follows ; that is to say :

1. On every letter posted in the United Kingdom, addressed to Ceylon, and on every letter posted in Ceylon, addressed to the United Kingdom, the postage thereof shall be paid at the time of the same being posted.

2. If any letter shall be posted in the United Kingdom, addressed to Ceylon, without any postage having been paid thereon, or having thereon, or affixed thereto a postage stamp or stamps, the value of which shall be less in amount than the single rate of postage to which such letter, if not exceeding half an ounce in weight, would be liable under the regulations in force relating thereto, every such letter shall, until the 31st day of March, 1859, inclusive, be forwarded charged with the amount of the postage to which it would have

been liable if the postage had been paid when posted, together with a further and additional rate of postage of sixpence; and, from and after the said 31st day of March, 1859, every such letter, instead of being forwarded, shall be detained and opened, and be either returned or given up to the sender thereof.

3. If any letter shall be posted in the United Kingdom, addressed to Ceylon, having thereon or affixed thereto a postage stamp or stamps, the value of which shall be less in amount than the rate of postage to which such letter would be liable under or by virtue of the regulations in force relating thereto, but equal in amount to the single rate of postage chargeable on any such letter if not exceeding half an ounce in weight, every such letter shall be forwarded, charged with the amount of the difference between the value of such stamp or stamps so being thereon, or affixed thereto, and the postage to which it would have been liable if the postage had been paid when posted, together with a further and additional rate of postage of sixpence. And if any letter shall be posted in Ceylon, addressed to the United Kingdom, and the postage paid thereon shall be less in amount than the rate of postage to which such packet would be liable under and by virtue of the regulations in force relating thereto, but equal in amount to the single rate of postage chargeable on any such letter, if not exceeding half an ounce in weight, every such last-mentioned letter shall be forwarded, charged with the amount of the difference between the postage paid thereon, and the postage to which it would have been liable if the postage had been paid when posted, together with the further and additional rate of postage of sixpence.

4. The several terms and expressions used in

this Warrant shall be construed to have the like meaning, in all respects, as they would have had if inserted in the said Act, passed in the fourth year of the reign of Her present Majesty.

5. The Commissioners for the time being of Her Majesty's Treasury, may, by Warrant, under their hands, duly made at any time hereafter, alter, repeal, or revoke any of the orders, directions, or regulations hereby made, and may make and establish any new or other orders, directions, or regulations in lieu thereof.

6. This Warrant shall come into operation on the first day of January, one thousand eight hundred and fifty-nine.

the enemy, Captain Wilmot firing with the men's rifles, and covering the retreat of the party. Despatch of Brigadier-General Walpole, C.B., dated 20th of March, 1858. Date of Act of Bravery, 11th March, 1858.

On this occasion, he engaged himself in a series of single combats, until at length he was disabled by a musket-ball through the leg, while charging two Sepoys with fixed bayonets. Lieutenant Gough on this day had two horses killed under him, a shot through his helmet, and another through his scabbard, besides being severely wounded. Date of Acts of Bravery, 12th November, 1857, and 25th February, 1858.

FROM THE

*LONDON GAZETTE of DECEMBER 28,
1858.*

Admiralty, December 24, 1858.

DESPATCHES, of which the following are copies, have been received by the Lords Commissioners of the Admiralty, from Captain Sotheby,

commanding Her Majesty's ship Pearl's Naval Brigade in India.

Camp Bustee,

SIR,

October 20, 1858.

I HAVE the honour to forward, with much satisfaction, for the Lords Commissioners of the Admiralty's information, the accompanying report (Sub-enclosure and 3) from the officers in charge of detachments of the Pearl's Naval Brigade, and feel assured their Lordships will perceive how much they have contributed to the success of this field force. The roads, owing to the floods, were at times nearly impassable, scarcely any carriage being able to move, the guns were transported on elephants.

Much praise is due to the officers and men for their great exertions, in which Brigadier Fisher, in command, fully concurs. In report No. 2, I beg especially to bring to the notice of their Lordships the conduct of John Lee (A.B.), as therein mentioned, as also James Williams (L.S.), captain of the gun, who always presses forward most eagerly.

I have, &c.,

(Signed)

E. S. SOTHEY,

Captain,

Commanding Pearl's Naval Brigade.

To the Secretary of the Admiralty.

No. 1.

Camp Bustee,

SIR,

September 20, 1858.

I HAVE the honour to acquaint you that I left this place at 4 P.M., on the 6th instant, in charge of a portion of the Pearl's Naval Brigade, accompanied by the detachment named in the

margin,* in pursuance of field force orders to march with all expedition to the relief of Bansee.

On reaching Goutah, 12 miles from Bansee, Captain Mulcaster joined with a squadron of cavalry and took command. We arrived at Bansee on the 8th, having marched 50 miles in 39 hours, and found the enemy had retired on our approach.

The roads were very bad; in many places the men waded through two or three feet of water and once for 3 miles, besides two nullahs and one river to cross. On the 9th, a body of rebels advanced within 3 miles, and in conjunction with Captain Mulcaster, we crossed the Raptée with a portion of our force, they hearing of our approach retired, but the cavalry were able to cut up 40, principally sepoys. The guns and infantry, with every exertion, could not keep up, owing to the flooded and bad state of the roads, and great heat of the day. Brigadier Fisher, Madras N.L., took the command on the 10th and left Bansee on the 12th, with the view of getting in the rear of the rebels at Burgudwah.

When within three miles of Dumoorlahgunge our advanced guard was fired on by a strong force of rebels posted in a line of works commanding the road.

The guns were speedily got off the elephants, and galloped to the front.

We opened with shell, and were received by a well-directed fire of musketry. The enemy, how-

ever, deserted their works very soon, but from the state of the country the cavalry could not act. Having burnt their camp and levelled the works we proceeded to Dumoorlahgunge, on the bank of the Raptee, halted for the day, and crossed early the following morning, and were marching towards Etawah, when we found the road quite impassable; we, therefore, recrossed, and then heard that the rebels had fallen back to Beshohuer, in the jungle. The object being accomplished, we returned to Bustee on the 17th instant.

I must beg leave to express my great satisfaction at the very willing and cheerful conduct of the officers and men under most trying circumstances.

The great heat of the sun, and the exertion of wading through so much water, and being constantly wet, rendered it most harassing.

The following officers accompanied me, Acting-Lieutenant A. W. Ingles, Mr. H. H. Edwards, Midshipman, and Mr. Parkins, Gunner.

I have, &c.,

HENRY GRANT, Commander, R.N.,
Commanding Detachment of H. M.

*Camp Bustee,
October 15, 1858.*

SIR,

I HAVE the honour to report for your information the proceedings of a detachment of the Pearl's Naval Brigade under my orders, from the 27th September to the 7th October. We left Bustee, at two A.M. of the 27th, with the force.

named in the margin,* under the command of Captain Twynam. H.M.'s. 13th Light Infantry arrived at Bansee on the 28th, 40 miles, and crossed the Raptee at 9 P.M., and encamped in the entrenchments.

On the 29th we crossed the Paranassi Nuddee, and joined Captain Howlett's force, as per margin,† at one P.M. marched to Chetteah, where we halted for the night, the men and cattle being much fatigued from the heavy rain during all the day, and flooded state of the country. Next morning proceeded to Mowee, and thence towards the jungle; the cavalry came upon the rear guard of the rebels, 400, at the edge of it. The guns were got quickly to the front, and opened with shell, at 600 yards, and quickly dispersed them, and pursued them for six miles into the jungle, but it was impossible, owing to the nature of the country, to come up with them; we then halted, after a most harassing day.

Our object having been accomplished we returned to Bansee the following day, and marched back to Bustee on the 5th.

I have great pleasure in bringing to your notice the ready and obedient manner in which the detachment under my command performed this arduous and trying service, wading through a most flooded country and into thick jungle, during heavy rains with occasional hot sun.

Mr. H. H. Edwards, Midshipman, accompanied the expedition. I have, &c.,

A. W. INGLES, Acting Lieutenant, R.N.

11 I

SIR,

Amorha, October 2, 1858.

I HAVE the honour to report for your information, the proceedings of the detachment of the Pearl's Naval Brigade under my command, engaged against the enemy at Amorha on the 1st instant.

At noon the patrol and villagers reported that the enemy, in number about 1200, were advancing in our front with others on either flank. Captain Gerrard of the 27th Madras Infantry, in command of the force as per margin,* moved out and took up a position in a village about 800 yards from camp; parties of infantry were thrown out on both flanks. The seamen and Seikhs, with the guns, formed our centre. The enemy, about 2 o'clock, commenced the attack from both flanks and centre, which they renewed several times, but were repulsed each time by the precision of the rifles, and our shells; at 4 o'clock they slackened their fire, and commenced retreating.

Captain Gerrard immediately followed them up with our horsed gun, at a gallop, supported by cavalry and Seikhs. We pursued them for about three miles and fired a few rounds of grape and case, with good effect. The cavalry charged and cut down several on our left. The infantry, not being able to keep up, a few of the guns' crews assisted the troopers attached to the gun with their rifles, especially John Lee, A.B., who was engaged with his cutlass against several sepoys, being unsupported for some little time, but who, I regret to say, while thus engaged, was severely wounded in the left arm.

From the bodies seen and the report of the natives the loss of the enemy is computed at about

200. The conduct of the men was most praiseworthy and the practice of the guns most accurate. Acting Lieutenant T. M. Maquay was in charge of the guns. Dr. Wilson in attendance on the wounded.

I have, &c.,

(Signed) H. FAWKES, Lieutenant.

I beg to enclose a list of casualties in Naval Brigade :—

John Lee, A.B., severely wounded in arm.

William Rayfield, A.B., contusion in left arm.

John Williams, A.B., slightly wounded in arm.

*Board of Trade, Whitehall,
December 28, 1858.*

The Right Honourable the Lords of the Committee of Privy Council for Trade and Plantations have received, through the Secretary of State for Foreign Affairs, a copy of a Despatch from Her Majesty's Minister at Madrid, enclosing a translation of regulations, containing the following provisions, adopted by the Spanish Government, for levying Health, &c., dues on vessels in Spanish ports.

Vessels arriving from ports in the Mediterranean, and from other ports in Europe, including the Coast of Africa down to the latitude of the Canary Islands shall pay, on a voyage to and from, 50 centimes of real per ton.

Vessels arriving from any other ports than those mentioned above, shall pay on each voyage one real per ton.

Quarantine Dues.

Vessels of every description shall pay 25 centimes of a real per ton for every day of quarantine, as well in foul lazaretto, as in those of observation.

Lazaretto Dues.

Each person shall pay for his residence in the lazaretto a fee of 4 reales per day.

Goods and merchandize requiring to be purified shall pay, viz. :

The clothes and luggage of each individual of the crew, 5 reales.

The clothes and effects of each passenger, 10 reales.

Hides or cows' skins, 6 reales per hundred.

Fine skins, 6 reales per hundred.

Goat, sheep, lamb, and other coarse skins of small animals, 2 reales per hundred.

Feathers, hair, wool, rags, cotton, linen, and hemp, one real per quintal.

Large animals alive, such as horses, mules, &c., 8 reales each. Small animals, 4 reales each.

Bill of Health Dues.

Bills of health shall be issued and countersigned gratis.

Observations.

Vessels in quarantine shall defray separately the expenses occasioned by the unlading of the merchandize, its arrangement under the sheds, and its purification. They will also pay separately the expenses occasioned by the performance of the sanitary measures to be employed before the departure, or on the arrival of vessels, according to what may be enacted on this subject by the regulations, or to what the state of the vessel may require.

Every possible facility will be afforded to the vessels for these operations, and no expense whatever will be made without the knowledge or intervention of the captain, master, or consignee.

Persons performing quarantine in the Lazaretto shall defray the expenses which they may occasion, since the 4 reales per diem, which are levied on them, are only a fee for their residence.

ART. 2.—A round voyage (*Viage redondo*) is that which a vessel makes from her port of departure to that of her destination, and from the latter back to the former, without touching at any inter-

mediate port either on going to or on coming back.

No advantages granted by the first and second provisions of the tariff are applicable to a voyage not made under the aforesaid circumstances.

ART. 4.—Sailing vessels, when intending to sail for a "round voyage," shall pay the entrance dues at the port of departure before receiving a bill of health, and they will be exempt from payment of such dues on their return, provided that their voyage shall not have altered its character by touching at some intermediate port, in which latter case they shall pay the dues again, according to the provisions of the tariff, and to the class and tonnage respectively of the vessel, and the circumstances of her navigation.

ART. 5.—The aforesaid sailing vessels shall also pay the entrance dues at every one of the ports they may put into, whenever they may remain in them for upwards of 24 hours.

ART. 6.—Vessels remaining at a port for a longer period than 24 hours, if they are not comprised in the second case of Art. 12 of the present instructions, will have to pay the entrance dues, no matter whether they have a cargo on board or they are in ballast; and with no distinction whatever between those vessels which may discharge there the whole or part of their cargo, and those which may sail again with the same cargo on board.

ART. 7.—The entrance health dues shall be levied on the number of tons register of each vessel, and not on those of her cargo. The fractions of a ton will not be taken into account for the levying of health dues.

In all cases the legal ton will be understood to be equal to the capacity of one kilolitre.

ART. 8. For reducing into kilolitres the tons

resulting from the system of measurement adopted by the marine in virtue of the Royal Order of 18th December, 1844, the number of tons shall be multiplied by 1,5134.

ART. 9.—Foreign transport vessels, although they may belong to their respective Governments, or be chartered for the account of the same, will be considered as merchant vessels, for the levying and payment of health dues.

ART. 10.—Steam vessels making regular periodical voyages, previously announced to the public, will be considered as coasting vessels, for the levying of entrance dues, and they shall only pay once the 25 centimes of a real per ton.

This payment shall take place at the port of departure, if such port is a Spanish one, or at the port of arrival, if the port of departure is a foreign one, every one of the steamer's full voyages being considered as a round voyage, no matter whether she touches at intermediate ports or not.

ART. 11.—Merchant vessels of every description, performing quarantine, shall pay (besides the quarantine and Lazaretto dues) the entrance dues, whenever, after the termination of the quarantine, they may put into the nearest port in the vicinity of the Lazaretto, and remain in it for upwards of twenty-four hours.

ART. 12.—No health dues whatever will be levied on ships of war, yachts of pleasure, vessels putting into ports by stress of weather, although admitted to free pratique, provided they perform no lading or unlading operation. The embarkation and landing of passengers shall not be considered as one of those operations.

ART. 14.—The four reales per diem marked in the tariff, for personal residence in the Lazarettos, will not be levied on persons belonging to the army or navy, either on active service, or on half-

pay, or discharged from service, nor on public employés, either on active service, or on the retired list, nor children under seven years of age, nor on shipwrecked persons, nor on paupers, or individuals embarked at the expense of the Government of their country, and by their respective Consuls.

After payment of the health dues at the Custom House, the captain, master, or consignee of the vessel, shall go to the health office with the receipt which shall have been given to him at the former office, for the purpose of its being registered and stamped with the seal of the Board of Health, having the words "Con mi intervencion" (with my intervention) written on it, and signed by the health officer of the register.

Without the aforesaid requisite formalities, vessels will not receive the necessary authorization for their clearance.
